1. No advertisement is to be displayed without the permission of the owner of the site or any other person with an interest in the site entitled to grant permission.

 - (a) endanger persons using any highway, railway, waterway, dock, harbour or aerodrome (civil or military);

2 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents).  Gabion/Sign Location Details - Drawing No. 2303/GS/S/1v2

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTES FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

3 GABION BLOCK AND SIGN TO BE RELOCATED

CONDITION: Within one month from the date of this decision the gabion block and sign hereby approved shall be relocated away from the highway boundary and installed as indicated and in principle with amended drawing no. 2303/GS/S/1 v2.

REASON: To ensure the proposal does not encroach upon the highway or interfere with

the passage of users of the highway, to preserve the integrity of the highway and in the interests of highway safety.

4 GRASS VERGE REPAIRED

CONDITION: Within 6 weeks from the date of this decision the grass verge where the original feature was located must be left in a fully functional repaired/renovated state, and cleared of all debris and building materials.

REASON: To preserve the integrity of the highway and in the interests of highway safety.
