THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). DWG. NO. P01c

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

2 COMPLIANCE REQUIRED

CONDITION: Areas within the curtilage of the site for the purpose of loading/unloading/reception and storage of building materials and manoeuvring of all vehicles, including construction traffic shall be provided clear of the highway and public right of way footpath no. 14.

REASON: To ensure that appropriate loading/unloading facilities are available to ensure that the highway is not obstructed during the construction period in the interest of highway safety.

3 COMPLIANCE REQUIRED: PUBLIC RIGHT OF WAY

CONDITION: The public's rights, accessibility and ease of passage over public footpath no. 14 (Parish Ardleigh- 158) shall be maintained free and unobstructed at all times.

REASON: To ensure the continued safe passage of the public on the definitive right of way.

4 ACTION REQUIRED: HIGHWAYS TURNING SPACE AND PARKING

CONDITION: The proposed development shall not be occupied until two car parking spaces (minimum dimensions of 2.9 metres x 5.5 metres) with an associated turning area, to be previously approved in writing by the Local Planning Authority, have been provided. The agreed car parking and turning area shall be retained at all times for such purpose.

REASON: To ensure that an appropriate level of parking is provided in order that on street parking of vehicles in the adjoining streets/roads does not occur.

5 ACTION REQUIRED: CYCLE PARKING

CONDITION: Prior to occupation details of cycle parking shall be submitted to and approved in writing by the Local Planning Authority. The approved facility shall be secure, convenient, covered and provided prior to occupation and retained at all times.

REASON: To ensure appropriate cycle parking is provided in the interest of highway safety and the promotion of alternative forms of sustainable transport.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development.
