Broughton First Avenue Frinton On Sea Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

### 1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

**CONDITION:** The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

**REASON:** To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

**NOTE/S FOR CONDITION:**

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

### 2 APPROVED PLANS & DOCUMENTS

**CONDITION:** The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by

the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

AN002 B

AN003 B

AN004 B

AN001 A

AN005 - Design and Heritage Statement

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

**NOTE/S FOR CONDITION:**

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

**3 SPECIFIC RESTRICTION ON DEVELOPMENT: OCCUPATION**

CONDITION: This permission shall only authorise the use and occupation of the accommodation hereby approved for purposes incidental and ancillary to the principal dwelling known as Broughton, First Avenue, Frinton On Sea, Essex, CO13 9EY (or as may be renamed in the future) and does not permit the use of the approved accommodation as a separate household unrelated and not incidental/ancillary to the principal dwelling.

REASON: The proposed annexe would not be acceptable under the established policies of Local Plan and NPPF by representing a net increase in dwelling units were the development to be occupied as an unrelated dwelling and not considered as one household. Furthermore, having regard to its particular relationship with the principal

dwelling, there is potential for noise, activity and disturbance detrimental to the amenity of that principal dwelling were the development to be occupied as an unrelated dwelling.

#### NOTE/S FOR CONDITION

Unless otherwise stated, this condition applies to the site outlined in red and to all new development that forms any net increase in residential accommodation and may include change of use of buildings, change of use of land for the siting of caravans or similar, new buildings and extensions.

#### 4 APPROVAL REQUIRED: LANDSCAPING SCHEME

CONDITION: No development above slab level shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard, soft and boundary treatment landscaping works for the site, which shall include any proposed changes in ground levels.

REASON: In the interests of visual amenity and the character and appearance of the area.

#### NOTE/S FOR CONDITION:

Slab level is normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

Should the landscape works include any new hedgerow, please consider the following planting for a native hedge. Native hedge: 50% hawthorn, 25% blackthorn (but beware - this can spread into adjacent fields), 15% field maple, 2% holly, 2% wild privet, 2% guelder rose, 2% dog rose, 2% buckthorn.

#### 5 COMPLIANCE WITH DETAILS AND TIMESCALE REQUIRED - LANDSCAPING SCHEME

CONDITION: All changes in ground levels, soft/hard landscaping shown on the approved landscaping details shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development, or in such other phased arrangement as may be approved, in writing, by the Local Planning Authority up to the first use/first occupation of the development. Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 10 years of being planted, or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and same species unless otherwise agreed in writing by the Local Planning Authority.

REASON: To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

#### 6 FURTHER APPROVAL: HERITAGE

CONDITION: Prior to any work to the windows, detailed elevation and section drawings

of windows (including sections through head, jamb - including construction details of surrounding fabric - stile, mullion, transom, meeting rail, glazing bar, bottom rail, sill or leaded glazing, at 1:2 or 1:10 as appropriate, to be submitted and agreed, in writing, to the Local Planning Authority for approval. The details shall be carried out in full and as may be approved.

REASON: In the interests of protecting and reducing harm to the designated heritage asset.

#### 7 FURTHER APPROVAL: HERITAGE

CONDITION: Prior to removal or alteration of the boundary wall in the approved plans, detailed annotated drawings or photographs to show extent of removal or alteration and any means to make good any remaining part, to be submitted and agreed, in writing, to the Local Planning Authority for approval. The details/removal shall be carried out in full and as may be approved.

REASON: In the interests of protecting and reducing harm to the designated heritage asset.

#### 8 ACCESS MATERIAL

CONDITION: The access/s hereby approved shall have a bound material surface and shall be laid out for a minimum distance of 5 metres from the edge of the carriageway prior to first use. The bound material as implemented shall then be retained thereafter.

REASON: In the interests of highway safety to prevent hazards caused by loose materials on the highway.

##### NOTE/S FOR CONDITION:

Carriageway is the part of a road intended for vehicles rather than pedestrians normally define by kerb if available or edge of a bound surface. It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

#### 9 ACTION REQUIRED: EXISTING ACCESS

CONDITION: Prior to the Installation of the new access the existing access shown on Drawing no. AN002 Rev B shall be suitably and permanently closed incorporating the reinstatement to full height of the footway, kerbing and verge immediately before the proposed new access is brought into first beneficial use.

REASON: In the interests of highway safety to ensure that the access is properly designed, constructed and made available for use. If agreement was sought at any later stage there is an unacceptable risk to highway and public safety.

##### NOTE/S FOR CONDITION:

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which

involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.
