### **3. Planning History**

24/00761/FULHH Householder Planning Application - Current  
Single storey rear extension.

### **4. Status of the Local Plan**

Planning law requires that decisions on applications must be taken in accordance with the development plan unless there are material considerations that indicate otherwise (Section 70(2) of the 1990 Town and Country Planning Act and Section 38(6) of the Planning and Compulsory Purchase Act 2004). This is set out in Paragraph 2 of the National Planning Policy Framework (the Framework). The 'development plan' for Tendring comprises, in part, Sections 1 and 2 of the Tendring District Local Plan 2013-33 and Beyond (adopted January 2021 and January 2022, respectively), supported by our suite of evidence base core documents (<https://www.tendringdc.uk/content/evidence-base>) together with any Neighbourhood Plans that have been made and the Minerals and Waste Local Plans adopted by Essex County Council.

### **5. Neighbourhood Plans**

A neighbourhood plan introduced by the Localism Act that can be prepared by the local community and gives communities the power to develop a shared vision for their area. Neighbourhood plans can shape, direct and help to deliver sustainable development, by influencing local planning decisions as part of the statutory development plan to promote development and uphold the strategic policies as part of the Development Plan alongside the Local Plan. Relevant policies are considered in the assessment. Further information on our Neighbourhood Plans and their progress can be found via our website <https://www.tendringdc.uk/content/neighbourhood-plans>.

There are currently no neighbourhood plans for this area.

**7. Officer Appraisal (including Site Description and Proposal)**

Application Site

The application site is located on the southern side of Horsey Road and consists of a two storey detached dwelling, which faces north. The site has an open frontage with an area of hardstanding encompassing the majority of the front garden. The rear garden is predominately soft landscaping with fencing enclosing it on all sides. The surrounding properties have staggered layout with the property to the west being set further back than the property to the east.

Proposal

This application seeks planning permission for a single storey rear extension.

Assessment

The key considerations of this application will be Design and Appearance, Impact upon the Neighbours, and Other Considerations.

Design and Appearance

Due to its siting, the rear extension will not be visible to the streetscene. The proposal will have a mono pitched roof, finishing just below the sill of the first floor windows, with 2 velux windows inserted into the roof slope. The extension measures 4.0m in depth, 5.7m in width and has an overall height of 3.7m. The site is considered to be of a sufficient size to be able to accommodate the proposal whilst still retaining adequate amenity space.

The rear extension will be finished in white render with uPVC windows and doors capped with marley mendip roof tiles. Whilst the render does not match the existing appearance of the host dwelling, due to its location to the rear of the site it is not considered harmful to the locale to warrant refusal of this application. Further, as the property still retains its Permitted Development rights, the rendering could be applied to the rear extension at a later stage without requiring planning permission.

Impact to Neighbours

The site abuts 48 Horsey Road to the west, whose garage and rear conservatory protrude beyond the rear elevation of the host dwelling. These projections will help screen part of the proposal and,

when combined with the single storey nature of the proposal and separation distance of 2.5m between the proposal and shared boundary, will result in the rear extension posing no significant harm to the amenities of this neighbouring property.

Similarly, 44 Horsey Road to the east is set back further than the host dwelling and with the proposals single storey nature, lack of openings of the western facing side elevation and screening offered by the existing boundary treatment, the rear extension is not considered to pose significant harm to outlook or privacy. Further, given the height of the proposal and its close proximity to the shared boundary, the 45 degree daylight test has been undertaken. Whilst the proposed development fails in plan, it passes in elevation so passes the combined test and a refusal on the grounds of loss of daylight cannot therefore be justified.

### Other Considerations

Frinton and Walton Town Council support the application.

No letters of representation have been received.

## **Ecology and Biodiversity**

### General Duty on all Authorities

The Natural Environment and Rural Communities Act 2006 amended by the Environment Act 2021 provides under Section 40 the general duty to conserve and enhance biodiversity: "For the purposes of this section "the general biodiversity objective" is the conservation and enhancement of biodiversity in England through the exercise of functions in relation to England." Section 40 states authorities must consider what actions they can take to further the general biodiversity objective and determine policies and specific objectives to achieve this goal. The actions mentioned include conserving, restoring, or enhancing populations of particular species and habitats. In conclusion for decision making, it is considered that the Local Planning Authority must be satisfied that the development would conserve and enhance.

This development is subject to the general duty outlined above. An informative has been imposed strongly encouraging the applicant to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Therefore the development on balance, with consideration of the impact of the development and baseline situation on site, is considered likely to conserve and enhance biodiversity interests.

### Biodiversity Net Gain

Biodiversity net gain (BNG) is an approach that aims to leave the natural environment in a measurably better state than it was beforehand. This excludes applications for Listed Building Consent, Advert Consent, Reserved Matters, Prior Approvals, Lawful Development Certificates, householders, self builds, and other types of application which are below the threshold i.e. does not impact a priority habitat and impacts less than 25 sq.m of habitat, or 5m of linear habitats such as hedgerow). This proposal is not therefore applicable for Biodiversity Net Gain.

### Protected Species

In accordance with Natural England's standing advice the proposed development site and surrounding habitat have been assessed for potential impacts on protected species. It is considered that the proposal is unlikely to adversely impact upon protected species or habitats.

### Conclusion

In accordance with the overarching duty outlined above, this development is considered to accord to best practice, policy, and legislation requirements in consideration of the impacts on ecology interests. Further, the proposed development is consistent with the above mentioned national and

local planning policies and, in the absence of material harm the proposal is recommended for approval.

## **8. Recommendation**

Approval - Full

## **9. Conditions / Reasons for Refusal**

### **1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT**

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

### **2 APPROVED PLANS & DOCUMENTS**

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Drawing titled; Site Location Plan.  
Drawing No. SHR-01

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of

changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

## **10. Informatives**

### **Positive and Proactive Statement**

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

### **Ecology Informative**

In accordance with the Council's general duty to conserve and enhance biodiversity, you are strongly encouraged to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Suggested enhancements could include: <https://www.rhs.org.uk/wildlife/in-the-garden/encourage-wildlife-to-your-garden>

## **11. Equality Impact Assessment**

In making this recommendation/decision regard must be had to the public sector equality duty (PSED) under section 149 of the Equality Act 2010 (as amended). This means that the Council must have due regard to the need in discharging its functions that in summary include A) Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act; B. Advance equality of opportunity between people who share a protected characteristic\* (See Table) and those who do not; C. Foster good relations between people who share a protected characteristic\* and those who do not, including tackling prejudice and promoting understanding.

It is vital to note that the PSED and associated legislation are a significant consideration and material planning consideration in the decision-making process. This is applicable to all planning decisions including prior approvals, outline, full, adverts, listed buildings etc. It does not impose an obligation to achieve the outcomes outlined in Section 149. Section 149 represents just one of several factors to be weighed against other pertinent considerations.

In the present context, it has been carefully evaluated that the recommendation articulated in this report and the consequent decision are not expected to disproportionately affect any protected characteristic\* adversely. The PSED has been duly considered and given the necessary regard, as expounded below.

| Protected Characteristics * | Analysis                                                                                    | Impact  |
|-----------------------------|---------------------------------------------------------------------------------------------|---------|
| Age                         | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |
| Disability                  | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |
| Gender Reassignment         | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |

|                                                                    |                                                                                             |         |
|--------------------------------------------------------------------|---------------------------------------------------------------------------------------------|---------|
| Marriage or Civil Partnership                                      | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |
| Pregnancy and Maternity                                            | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |
| Race (Including colour, nationality and ethnic or national origin) | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |
| Sexual Orientation                                                 | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |
| Sex (gender)                                                       | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |
| Religion or Belief                                                 | The proposal put forward will not likely have direct equality impacts on this target group. | Neutral |

## 12. **Notification of Decision**

|                                                                                                       |     |                  |
|-------------------------------------------------------------------------------------------------------|-----|------------------|
| <b>Are there any letters to be sent to applicant / agent with the decision? If so please specify:</b> | YES | <b><u>NO</u></b> |
| <b>Are there any third parties to be informed of the decision? If so, please specify:</b>             | YES | <b><u>NO</u></b> |
