

A.7 APPENDIX P - Tendring Local List – Consultation Responses

Respondent	Comment	PS Comment	Action
<p>Angela Barnes</p>	<p>We do not appear to get any protection of our heritage, and Weeley Station area is a huge concern - it has been disappointing that residents and rail passengers have been let down in this regard over the last four decades, land alongside the rail lines has been taken over and buildings erected without planning permission, so that the approach to the Station has deteriorated. As a Station adopter, looking after the tubs and gardens there, it has been a disaster to lose the station forecourt.</p> <p>The main Council Office building in Weeley is also a building that has a huge presence for the community, and is very attractive. It would have been good to have a community consultation about what residents of Weeley would like to see happen to that building. An agriculture and tourism college, or a Tendring museum would have been good ideas for its future use, but of course costs for these would be too much I suspect.</p> <p>Conservation is so important now that so much development has been going on in Tendring. As an Urban Wildlife Champion for Essex Wildlife Trust, I hope that TDC will look favourably on any projects in the area which encourage and protect our flora and fauna.</p>	<p>Noted, but outside of the scope of this consultation. Buildings in Weeley can be considered as part of the Sage 2 nominations.</p> <p>Comment on flora and fauna noted but outside the scope of the local list consultation.</p>	<p>Local list criteria wording has been amended slightly to better reflect the local heritage of Tendring to ensure nominated buildings are considered for their local interest.</p>
<p>Harwich Society</p>	<p>Strongly support TDC proposal for a local list. Support the Stage 1 proposed criteria.</p>	<p>Noted.</p>	<p>Local list criteria wording has been amended slightly to better reflect the local</p>

A.7 APPENDIX P - Tendring Local List – Consultation Responses

	<p>Look forward to opportunity to nominate buildings for potential inclusion as part of Stage 2.</p> <p>There are Victorian and Edwardian buildings of local architectural value within and beyond the conservation areas. In Dovercourt examples include the Saunders-built Hanslip Ward block, the Mayor’s Garden, Police Station, Garrison HQ and earliest parts of the Sunny Hill Estate – might all be shortlisted for local listing.</p> <p>Local listing should be used to designate buildings of local historic interest, including those which display Harwich Society plaques relating to significant characters and events in the history of Harwich.</p>	<p>Suggestions for potential inclusions on the local list can be considered as part of Stage 2.</p>	<p>heritage of Tendring to ensure nominated buildings are considered for their local interest.</p>
Historic England	<p>The production of a Local Heritage List is also welcomed as a useful tool for identifying, protecting and where necessary enhancing locally important heritage, which would not necessarily meet the requirement for designation at a national level, but that nonetheless is fundamental to local distinctiveness, character and identity. We consider that the proposed approach and methodology outlined in the consultation document is robust, and are pleased to note that it makes use of our advice note 7: Local Heritage Listing.</p>	<p>Noted.</p>	<p>No action required.</p>
Natural England	<p>Natural England does not consider that the Tendring Conservation Area Appraisals & Local List Criteria Consultation pose any likely risk or</p>	<p>N/A</p>	<p>N/A</p>

	opportunity in relation to our statutory purpose, and so does not wish to comment on this consultation.		
Wrabness Parish Council	Wrabness Parish Council supports the Tendring District Council proposal for a list of buildings and structures of local rather than national importance in terms of heritage value. We are aware of buildings of local value that have not made it onto the national list. I have been asked to inform you that the Parish Council supports this initiative and the Stage 1 proposed criteria for assessment.	Noted	No action required
