Application: 24/00858/FULHH **Town / Parish:** Harwich Town Council
Applicant: Mr and Mrs Fribbins
Address: 103 Fronks Road Dovercourt Harwich
Development: Householder Planning Application - Single storey rear extension with first floor balcony to match existing.

1. **Town / Parish Council**

Harwich Town Council Harwich Town Council makes no objections to this application.

2. **Consultation Responses**

Not applicable to this application.

3. **Planning History**

17/00849/FUL Drop kerb at front of property. Approved 21.07.2017

4. **Status of the Local Plan**

Planning law requires that decisions on applications must be taken in accordance with the development plan unless there are material considerations that indicate otherwise (Section 70(2) of the 1990 Town and Country Planning Act and Section 38(6) of the Planning and Compulsory Purchase Act 2004). This is set out in Paragraph 2 of the National Planning Policy Framework (the Framework). The 'development plan' for Tendring comprises, in part, Sections 1 and 2 of the Tendring District Local Plan 2013-33 and Beyond (adopted January 2021 and January 2022, respectively), supported by our suite of evidence base core documents (<https://www.tendringdc.uk/content/evidence-base>) together with any Neighbourhood Plans that have been made and the Minerals and Waste Local Plans adopted by Essex County Council.

5. **Neighbourhood Plans**

A neighbourhood plan introduced by the Localism Act that can be prepared by the local community and gives communities the power to develop a shared vision for their area. Neighbourhood plans can shape, direct and help to deliver sustainable development, by influencing local planning decisions as part of the statutory development plan to promote development and uphold the strategic policies as part of the Development Plan alongside the Local Plan. Relevant policies are considered in the assessment. Further information on our Neighbourhood Plans and their progress can be found via our website <https://www.tendringdc.uk/content/neighbourhood-plans>

There are no neighbourhood plans in place for this location.

6. **Relevant Policies / Government Guidance**

NATIONAL:
National Planning Policy Framework 2023 (NPPF)
National Planning Practice Guidance (NPPG)

LOCAL:

Tendring District Local Plan 2013-2033 and Beyond North Essex Authorities' Shared Strategic Section 1 Plan (adopted January 2021):

- SP1 Presumption in Favour of Sustainable Development
- SP7 Place Shaping Principles

Tendring District Local Plan 2013-2033 and Beyond Section 2 (adopted January 2022):

- SPL1 Managing Growth
- SPL3 Sustainable Design
- LP3 Housing Density and Standards
- LP4 Housing Layout

Supplementary Planning Guidance:
Essex Design Guide

7. **Officer Appraisal (including Site Description and Proposal)**

Application site

The application site is located on the southern side of Fronks Road and consists of a two-storey detached dwelling, which faces north. The site is separated from the highway via a low brick wall behind which is predominantly hardstanding. The rear garden is enclosed on all sides by a brick wall, fencing and mature vegetation. The rear garden has a relatively steep gradient with the ground sloping down towards the northern boundary. The neighbouring properties are predominately two storey dwellings.

No planning permission exists for the balcony however, it has been established for more than 4 years and is therefore exempt from enforcement action.

Proposal

This application seeks planning permission for a single storey rear extension with first floor balcony to match existing.

Assessment

Visual Impact

Paragraph 135 of the NPPF (2023) requires that developments are visually attractive as a result of good architecture, are sympathetic to local character, and establish or maintain a strong sense of place. Policy SP7 of the 2013-33 Local Plan seeks high standards of urban and architectural design which responds positively to local character and context, and to protect the district's landscape and the quality of existing places and their environs.

The proposal is located to the rear of the house and predominantly screened by the host dwelling. Whilst views will be visible from the public realm through open spaces between the house and its neighbours these would be minimal given the set back nature of the proposal from the front boundary and its minor nature.

The use of glass balustrading to the balcony will differ to the existing black metal, however as the proposal will be largely to this rear and not visible from Fronks Road the use of such would not compromise the character of the existing house or local area.

The proposed addition is of a suitable size and design which is appropriate to the existing house and will be finished in materials which are consistent with the host dwelling.

The site is of a sufficient size to accommodate the proposed addition and maintain a sufficient area of private amenity space.

The proposed addition is therefore considered a suitable enlargement which would not adversely impact the character/ appearance of the house or streetscene.

Impact to Neighbours

Paragraph 135 of the National Planning Policy Framework (2023) confirms planning policies and decisions should create places that are safe, inclusive and accessible and which promote health and well being, with a high standard of amenity for existing and future users.

Policy SP7 of Section 1 of the 2013-33 Local Plan requires that the amenity of existing residents is protected. Section 2 Policy SPL 3 (Part C) seeks to ensure that development will not have a materially damaging impact on the privacy, daylight or other amenities of occupiers of nearby properties.

The site is situated between 101 Fronks Road to the east, 105 Fronk Road to the west and 4 Seafield Road to the south.

The proposal will be screened by the existing outbuilding, the current boundary treatment and part of the neighbouring property to the east, which is set further back than the host dwelling. This combined with the openness of the railing, single storey nature of the extension and separation distance between the properties, there will be minimal harm to the outlook and light of the neighbouring properties.

Due to its nature, the proposed balcony will allow the occupants to overlook the neighbouring properties to the east, south and west. The balcony will not result in an increase to its existing footprint. However, as the proposal replaces the existing balcony which already overlooks the adjacent properties, it is considered that no additional harm will occur to the neighbouring sites in terms of loss of privacy.

Ecology and Biodiversity

General duty on all authorities

The Natural Environment and Rural Communities Act 2006 amended by the Environment Act 2021 provides under Section 40 the general duty to conserve and enhance biodiversity: "For the purposes of this section "the general biodiversity objective" is the conservation and enhancement of biodiversity in England through the exercise of functions in relation to England." Section 40 states authorities must consider what actions they can take to further the general biodiversity objective and determine policies and specific objectives to achieve this goal. The actions mentioned include conserving, restoring, or enhancing populations of particular species and habitats. In conclusion for decision making, it is considered that the Local Planning Authority must be satisfied that the development would conserve and enhance.

This development is subject to the general duty outlined above. An informative has been imposed strongly encouraging the applicant to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Therefore, the development on balance, with consideration of the impact of the development and baseline situation on site, is considered likely to conserve and enhance biodiversity interests.

Biodiversity net gain

Biodiversity net gain (BNG) is an approach that aims to leave the natural environment in a measurably better state than it was beforehand. This excludes applications for householder development. This proposal is not therefore applicable for Biodiversity Net Gain.

Protected Species

In accordance with Natural England's standing advice the proposed development site and surrounding habitat have been assessed for potential impacts on protected species. It is considered that the proposal is unlikely to adversely impact upon protected species or habitats.

In accordance with the overarching duty outlined above, this development is considered to accord to best practice, policy, and legislation requirements in consideration of the impacts on ecology interests.

Other Considerations

Harwich Town Council makes no objections to this application.

There have been no objections to the proposed works.

Conclusion

The proposal is therefore considered to be compliant with national and local policy as assessed in the above report. In the absence of material harm resulting from the proposed development the application is recommended for approval.

8. Recommendation

Approval - Full

9. Conditions

1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

FFR-02 B
SITE PLAN - REC'D 10/06/24

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

10. Informatives

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Ecology Informative

In accordance with the Council's general duty to conserve and enhance biodiversity, you are strongly encouraged to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Suggested enhancements could include: <https://www.rhs.org.uk/wildlife/in-the-garden/encourage-wildlife-to-your-garden>

11. Equality Impact Assessment

In making this recommendation/decision regard must be had to the public sector equality duty (PSED) under section 149 of the Equality Act 2010 (as amended). This means that the Council must have due regard to the need in discharging its functions that in summary include A) Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act; B. Advance equality of opportunity between people who share a protected characteristic* (See Table) and those who do not; C. Foster good relations between people who share a protected characteristic* and those who do not, including tackling prejudice and promoting understanding.

It is vital to note that the PSED and associated legislation are a significant consideration and material planning consideration in the decision-making process. This is applicable to all planning decisions including prior approvals, outline, full, adverts, listed buildings etc. It does not impose an obligation to achieve the outcomes outlined in Section 149. Section 149 represents just one of several factors to be weighed against other pertinent considerations.

In the present context, it has been carefully evaluated that the recommendation articulated in this report and the consequent decision are not expected to disproportionately affect any protected characteristic* adversely. The PSED has been duly considered and given the necessary regard, as expounded below.

Protected Characteristics *	Analysis	Impact
Age	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Disability	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Gender Reassignment	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Marriage or Civil Partnership	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Pregnancy and Maternity	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Race (Including colour, nationality and ethnic or national origin)	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Sexual Orientation	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Sex (gender)	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Religion or Belief	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
