

COMMITTEE DECISION – AUTHORISATION SHEET**Application Details:**

Application:	21/01831/FUL
Address:	Land to The South of The Allotments Beaumont Road Great Oakley Essex
Development:	Proposed residential development of 86 dwellings, community building and play area, public car park, landscaping and ancillary works.

Committee Summary:

Committee Date:	16.02.2023
Officer Recommendation:	Approval - Full
Committee Decision:	Approval - Full
Following discussion by the Committee, it was moved by Councillor Harris, seconded by Councillor Alexander and unanimously: -	
RESOLVED that the Planning Manager (or equivalent authorised officer) be authorised to grant planning permission for the development, subject to conditions and the S106 Legal Agreement.	
<u>Improvements made to satisfy committee</u>	
Approval as recommended, plus update papers and in addition for the Section 106 the following:-	
- Add Completion of Community Centre, Car Park and Play area before 50% occupation of dwellings - Add Monitoring fee of ECC for obligations - NHS 52k to health care to be local GP catchment area.

TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 21/01831/FUL

DATE REGISTERED: 4th November 2021

Proposed Development and Location of the Land:

Proposed residential development of 86 dwellings, community building and play area, public car park, landscaping and ancillary works.

Land to The South of The Allotments Beaumont Road Great Oakley Essex

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

1 COMPLIANCE: TIME LIMIT

The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

2 COMPLIANCE: APPROVED PLANS AND DOCUMENTS

The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local planning authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local planning authority as a non-material amendment following an application in that regard. Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the local planning authority prior to the commencement of development pursuant to this condition.

A 100 001 P4 Amended Proposed Site Layout Plan

A 100 004 P4 Amended Proposed Site Plan with Plot Numbers

A 100 006 P5	Amended Proposed Site Levels Plan
A 100 003 P5	Amended Proposed Site Plan with House Types
A 100 005 P5	Amended Proposed Uses Site Plan
A 100 008 P0	Land Transfer Plan
A-200-011 P0	Proposed Housing Bin Stores
A-200-012 P0	Amended Proposed House Layouts - 1 Bed House Type
A 110 001 P1	Amended Proposed North and West Elevations
A 110 002 P1	Amended Proposed East and South Elevations
A 200 001 P1	Amended Proposed House Layouts - 1 Bed House Type
A 200 002 P1	Amended Proposed House Layouts - 2 Bed 1 Storey House Type
A 200 003 P2	Amended Proposed House Layouts - 2 Bed 2 Storey House Type
A 200 004 P1	Amended Proposed House Layouts - 3 Bed 1 Storey House Type
A 200 005 P1	Amended Proposed House Layouts - 3 Bed 2 Storey House Type
A 200 006 P1	Amended Proposed House Layouts - 3 Bed 2.5 Storey House Type
A 200 007 P1	Amended Proposed House Layouts - 4 Bed 2.5 Storey House Type
A 200 008 P1	Amended Proposed House Layouts - 4 Bed 2.5 Storey Side Entrance House Type
A 200 009 P1	Amended Proposed Garage Layouts
A 200 010 P3	Amended Proposed Community Hall Building
A 200 021 P2	Amended Proposed Plots 83 to 86 Plans and Section
TM483-LA01 C	Amended Public Right of Diversion
TM483-SKP03 REV B	Amended Planting Strategy
TM483-SKP04 REV B	Amended Tree Strategy
TM483-SKP05 REV B	Amended Ecology Strategy
TM483-SKP06	Boundary Strategy

Schedule of Accommodation Received 06.02.2024

Land Quality Statement - Parts 1 To 4 Project Number 13573 October 2021

Transport Statement - Part 1 and 2 Project Number 13573 October 2021

Arboricultural Impact Assessment 21-1281 V2

Energy and Sustainability Assessment Project No. 678 October 2021

Social Infrastructure Assessment 25633 vf October 2021

Amended Landscape Statement (Turkington Martin)

Amended Flood Risk Assessment and Drainage Strategy 13573 May 2022

Biodiversity Impact Assessment 21-2378 V2

Preliminary Ecological Appraisal 20-4587 V2

Amended GCN Mitigation Strategy 21-2603 V3

Great Crested Newt Survey Report 24-0705 V3

Reptile Survey Report 21-0682 V1

Reason - For the avoidance of doubt and in the interests of proper phased planning of the development.

3 FURTHER APPROVAL: AGREEMENT OF MATERIALS

No development shall be commenced above slab level on any phase until precise details of the manufacturer and types and colours of the external facing and roofing materials to be used in construction have been submitted to and approved, in writing, by the Local planning authority. Such materials as may be agreed shall be those used in the development and fully applied prior to the first use/occupation.

Reason - To secure an orderly and well-designed finish in the interests of visual amenity and the character and appearance of the development.

4 APPROVAL REQUIRED: LANDSCAPING SCHEME

No development above slab level shall take place until there has been submitted to and approved, in writing, by the local planning authority a precise scheme of hard, soft and boundary treatment landscaping works for the site, including details of the proposed boardwalk feature within the open space area and any proposed changes in ground levels, in accordance with approved drawing numbers TM483 SKP03 Rev B - Planting Strategy, TM483 SKP04 Rev B - Tree Strategy, and TM483 SKP06 Boundary Strategy.

Reason - In the interests of visual amenity and the character and appearance of the area.

5 COMPLIANCE WITH DETAILS AND TIMESCALE REQUIRED - LANDSCAPING SCHEME

All changes in ground levels, soft/hard landscaping, boardwalk and boundary planting details shown on the approved landscaping details shall be carried out in full during the first planting and seeding season (October - March inclusive) following the commencement of the development, or in such other phased arrangement as may be approved, in writing, by the Local planning authority up to the first use/first occupation of the development. Any trees, hedges, shrubs or turf identified within the approved landscaping details (both proposed planting and existing) which die, are removed, seriously damaged or seriously diseased, within a period of 10 years of being planted, or in the case of existing planting within a period of 5 years from the commencement of development, shall be replaced in the next planting season with others of similar size and same species unless otherwise agreed in writing by the local planning authority.

Reason - To ensure that the approved landscaping scheme has sufficient time to establish, in the interests of visual amenity and the character and appearance of the area.

6 APPROVAL REQUIRED: LANDSCAPE MANAGEMENT PLAN

No development above slab level shall take place until there has been submitted to and approved, in writing, by the local planning authority a landscape management plan for a minimum of 5 years. Both new and existing planting (including SUDs features as applicable) will be required to be included in a long-term management plan. The landscape management plan shall also include long term design objectives, management responsibilities and maintenance schedules for all landscape areas, other than small, privately owned, domestic gardens. The landscape management plan shall be carried out as approved in accordance with the details and timescales in the plan and thereafter retained.

Reason - To support plant establishment and ensure the proper management and maintenance of the approved landscaping in the interests of amenity, functionality and the character and appearance of the area.

7 APPROVAL REQUIRED: DETAILS OF SCREEN WALLS AND FENCES

Prior to the first occupation of the development precise details of the provision, siting, design and materials of all screen walls and fences shall be submitted to and approved, in writing, by the local planning authority. The screen walls and fences as may be approved shall be erected prior to the dwelling/s/building/s to which they relate being first occupied/used and thereafter be retained in the approved form.

Reason - In the interests of visual amenity and the character and appearance of the area.

8 SPECIFIC RESTRICTION ON DEVELOPMENT: REMOVAL OF PD FOR ENCLOSURES

Notwithstanding Section 55 (2)(a)(ii) of the Town and Country Planning Act 1990 as amended and the provisions of the Town and Country Planning (General Permitted Development) Order 2015, Schedule 2, Part 2 Minor operations, Class A (or any Order revoking and re-enacting that Order with or without modification):- no fence, gate, wall or any other means of enclosure, shall be erected forward of any elevation of the dwelling house(s) or community building fronting a highway, except pursuant to the grant of planning permission on an application made in that regard.

Reason - To enable the local planning authority to retain control over the development in the interests of the visual amenity and the quality of the development.

9 SPECIFIC RESTRICTION ON DEVELOPMENT: REMOVAL OF PD FOR ROOF ADDITIONS AND OPENINGS

Notwithstanding Section 55 (2)(a)(ii) of the Town and Country Planning Act 1990 as amended and the provisions of the Town and Country Planning (General Permitted Development) Order 2015, Schedule 2, Part 2 Development within the curtilage of a dwellinghouse Class B and Class C (or any Order revoking and re-enacting that Order with or without modification):- no enlargement, improvement, insertion of new openings or other alterations to the roof of the dwelling house(s) shall be carried out, except pursuant to the grant of planning permission on an application made in that regard.

Reason - To enable the local planning authority to retain control over the development in the interests of the visual amenity, the quality of the development and residential amenities.

10 SPECIFIC RESTRICTION ON DEVELOPMENT: REMOVAL OF PD FOR EXTENSIONS AND OUTBUILDINGS

Notwithstanding Section 55 (2)(a)(ii) of the Town and Country Planning Act 1990 as amended and the provisions of the Town and Country Planning (General Permitted Development) Order 2015, Schedule 2, Part 2 Development within the curtilage of a dwellinghouse, Class A and Class E (or any Order revoking and re-enacting that Order with or without modification):- no extension, or addition to the dwelling house(s) and no building, enclosure, swimming or other pool shall be erected within the curtilage of dwelling house(s) on Plots 27, 13, 14 and 15 as shown on approved drawing number A 100 004 revision P4, except pursuant to the grant of planning permission on an application made in that regard.

Reason - To enable the local planning authority to retain control over the development in the interests of residential amenities as the identified plots have a private amenity area of 55m² or below.

11 ACTION REQUIRED: HIGHWAYS PROVISION OF VISIBILITY SPLAYS

Prior to the first use of the main point of access to the site from Beaumont Road, clear visibility shall be provided and thereafter permanently maintained with dimensions of 2.4 metres by 90 metres in both directions along the edge of the metalled carriageway from the centre of the access in accordance with the findings of the accompanying Speed Survey results. Notwithstanding the provisions of Part 2 Class A of the Town & Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no obstruction over 0.6 metres high shall be erected, constructed, planted or permitted to grow within the areas of the visibility splays.

Reason - To ensure vehicles exiting the drive would have sufficient visibility to enter the public highway safely, and vehicles on the public highway would have sufficient warning of a vehicle emerging to take avoiding action.

NOTE/S FOR CONDITION:

Carriageway is the part of a road intended for vehicles rather than pedestrians normally define by kerb if available or edge of a bound surface. It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out.

Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

12 ACTION REQUIRED: HIGHWAY WORKS PRIOR TO OCCUPATION

Prior to the commencement of development above slab level, a scheme of highway improvements shall be submitted in writing to the local planning authority for written approval that shall comprise of the following and include a timetable for implementation.:

- a) A priority junction off Beaumont Road to provide access to the proposal site, constructed at right angles to the highway boundary and to the existing carriageway.
- b) A straight section of carriageway to be provided from the entrance junction for 15 metres.
- c) Details of upgrading of the existing bus stops north-east of the primary school.
- d) Details of widening of the existing footway along the south side of Beaumont Road where the public right of way (mentioned below) emerges to the west and to the boundary with the primary school and southwards beyond the site access to the bus stop located north-east of Red Barn Lane.
- e) Details of Improvements to the Public Right of Way no.5 which runs along the proposal site's western boundary between Beaumont Road and Woodlands.
- f) Provision of pedestrian crossing points on Beaumont Road, north-west of the site access.

The improvements as may be agreed shall be implemented as approved in the timetable provided and completed in their entirety.

Reason - To protect highway efficiency of movement and safety and to ensure the proposal site is accessible by more sustainable modes of transport such as public transport, and walking.

13 COMPLIANCE: INTERNAL ROAD AND FOOTWAYS PRIOR TO OCCUPATION

Prior to the occupation of the development, the associated internal road, footway layout and parking shall be provided in accordance with approved drawing numbers:

A 100 001 P4	Amended Proposed Site Layout Plan
A 100 003 P5	Amended Proposed Site Plan with House Types
A 100 004 P4	Amended Proposed Site Plan with Plot Numbers
A 100 006 P5	Amended Proposed Site Levels Plan

Reason - To ensure that vehicles using the site access do so in a controlled manner, in the interests of highway safety.

Note: It has been agreed with the developer that the majority of the internal road layout, footway layout, surface water drainage or any form of street lighting will not be adopted by the Highway Authority.

14 FURTHER APPROVAL - CONSTRUCTION MANAGEMENT TO BE AGREED (PRE COMMENCEMENT)

Prior to the commencement of development, details of the construction methodology, layout plan and timetable shall be submitted to and approved, in writing, by the Local planning authority. This shall incorporate the following information:-

- a) Details of the hours of work/construction of the development within which such

- operations shall take place and the hours within which delivery/collection of materials for the said construction shall take place at the site.
- b) Details of the loading/unloading/storage of construction materials on site, including details of their siting and maximum storage height.
 - c) Details of how construction and worker traffic and parking shall be managed. This shall include routing of all traffic and any directional signs to be installed and where.
 - d) Details of any protection measures for footpaths and trees surrounding the site.
 - e) Details of any means of access to the site during construction.
 - f) Details of the scheduled timing/phasing of development for the overall construction period.
 - g) Details of measures to control the emission of dust and dirt during construction and including details of any wheel washing to be undertaken, management and location it is intended to take place.
 - h) Details of the siting of any on site compounds and portalooos.
 - i) Details of the method of any demolition to take place, including the recycling and disposal of said materials resulting from demolition.
 - j) Site waste management plan (that shall include reuse and recycling of materials).
 - k) Scheme for sustainable construction management to ensure effective water and energy use.
 - l) Scheme of review of complaints from neighbours.
 - m) Registration and details of a Considerate Constructors Scheme.
 - n) Details on the provision, location and management of any show home/s or reception, including opening times, parking and advertisements (including flags and directional signs for the development and details of times for removal when not required).

The said methodology as may be approved shall be implemented in its entirety and shall operate as may be approved at all times during construction.

Reason - To minimise detriment to nearby residential and general amenity by controlling the construction process to achieve the approved development. This condition is required to be agreed prior to the commencement of any development as any construction process, including site preparation, by reason of the location and scale of development may result adverse harm on amenity.

15 ONGOING REQUIREMENT: HIGHWAYS RETENTION OF GARAGE/PARKING SPACES

Notwithstanding the provisions of Article 3, Schedule 2 of the Town & Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification) no development shall be carried out in such a position as to prevent vehicular access and use of land shown on the approved plans as garage and parking spaces for vehicle use only.

Reason - In the interests of highway safety and to ensure adequate vehicular access to and use of parking and turning provision within the site is provided and maintained.

16 FURTHER APPROVAL: RESIDENTIAL TRAVEL PACK PRIOR TO OCCUPATION

Prior to first occupation of each dwelling, a Residential Travel Information Pack (travel pack) shall be provided to each dwelling for use of its first occupiers. The travel pack shall be agreed, in writing, by the local planning authority prior to provision and shall include a minimum of six one day travel vouchers for use with a local transport operator.

Reason - In the interests of reducing the need to travel by car and promoting sustainable development and transport.

Note: Please contact the Travel Plan Team at ECC Highways via email to Travel.PlanTeam@essex.gov.uk to obtain a Residential Travel Information Pack template and the associated day travel vouchers required.

17 FURTHER APPROVAL: ARCHAEOLOGICAL WORKS 1

No development or preliminary groundworks of any kind shall take place until a scheme of archaeological evaluation of the site, including timetable, has been submitted to and approved in writing by the Local planning authority (including any demolition needing to be carried out as necessary in order to carry out the evaluation). The evaluation shall be carried out in its entirety as may be agreed.

Reason - To safeguard archaeological assets within the approved development boundary from impacts relating to any groundworks associated with the development scheme and to ensure the proper and timely investigation, recording, reporting and presentation of archaeological assets affected by this development. This condition is required to be agreed prior to the commencement of any development to ensure matters of archaeological importance are preserved and secured early to ensure avoidance of damage or loss due to the development and/or its construction. If agreement was sought at any later stage as there is an unacceptable risk of loss and damage to archaeological and historic assets.

18 FURTHER APPROVAL: ARCHAEOLOGICAL WORKS 2

No development or preliminary groundworks of any kind shall take place until a written report on the results of the archaeology evaluation of the site has been submitted to the Local planning authority and that confirmation by the Local planning authority has been provided that no further investigation work is required in writing.

Should the local planning authority require further investigation and works, no development shall take place on site until the implementation of a full programme of archaeological work has been secured, in accordance with a Written Scheme of Investigation which has been submitted to and approved in writing by the Local planning authority.

The scheme of investigation shall include an assessment of significance and research questions; and:

- a) The programme and methodology of site investigation and recording.
- b) The programme for post investigation assessment.
- c) Details of the provision to be made for analysis of the site investigation and recording.
- d) Details of the provision to be made for publication and dissemination of the analysis and records of the site investigation.
- e) Details of the provision to be made for archive deposition of the analysis and records of the site investigation; and
- f) Nomination of a competent person or persons/organisation to undertake the works set out within the Written Scheme of Investigation.
- g) The written scheme of investigation shall be carried out in its entirety prior to any other development taking place, or in such other phased arrangement including a phasing plan as may be previously approved in writing by the Local planning authority.

Reason - To safeguard archaeological assets within the approved development boundary from impacts relating to any groundworks associated with the development scheme and to ensure the proper and timely investigation, recording, reporting and presentation of archaeological assets affected by this development. This condition is required to be agreed prior to the commencement of any development to ensure features of archaeological importance are identified, preserved and secured to avoid damage or loss resulting from the development and/or its construction. If agreement was sought at any later stage, there is an unacceptable risk of loss and damage to archaeological and historic assets.

19 FURTHER APPROVAL: ARCHAEOLOGICAL WORKS 3

No building shall be occupied until the archaeology evaluation, and if required the Written Scheme of Investigation, have been completed, submitted to and approved, in writing, by the Local planning authority. Furthermore, no building shall be occupied until analysis, publication and dissemination of results and archive deposition from the archaeology investigations as agreed under the Written Scheme of Investigation has taken place, unless an alternative agreed timetable or phasing for the provision of results is agreed in writing by the Local planning authority.

The applicant will submit to the local planning authority a post excavation assessment (to be submitted within six months of the completion of the fieldwork, unless otherwise agreed in advance with the Planning Authority). This will result in the completion of post excavation analysis, preparation of a full site archive and report ready for deposition at the local museum, and submission of a publication report.

Reason - To safeguard archaeological assets within the approved development boundary from impacts relating to any groundworks associated with the development scheme and to ensure the proper and timely investigation, recording, reporting and presentation of archaeological assets affected by this development.

20 COMPLIANCE: IN ACCORDANCE WITH ECOLOGICAL APPRAISAL

All mitigation and enhancement measures and/or works shall be carried out in accordance with the details contained within the Biodiversity Impact Assessment 21-2378 V2, Preliminary Ecological Appraisal 20-4587 V2, Amended GCN Mitigation Strategy 21-2603 V3, Great Crested Newt Survey Report 24-0705 V3 and Reptile Survey Report 21-0682 V1. This may include the appointment of an appropriately competent person e.g. an ecological clerk of works (ECoW) to provide on-site ecological expertise during construction. The appointed person shall undertake all activities, and works shall be carried out, in accordance with the approved details.

Reason - To conserve and enhance protected and Priority species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

21 ACTION REQUIRED: NATURAL ENGLAND MITIGATION LICENCE PRIOR TO COMMENCEMENT

Any works which will impact the breeding / resting place of Great Crested Newt, shall not in in any circumstances commence unless the local planning authority has been provided with either:

- a) a licence issued by Natural England pursuant to Regulation 55 of The

- Conservation of Habitats and Species Regulations 2017 (as amended) authorising the specified activity/development to go ahead; or
- b) a statement in writing from the Natural England to the effect that it does not consider that the specified activity/development will require a licence.

Reason - To conserve protected species and allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 (as amended) and s17 Crime & Disorder Act 1998.

22 FURTHER APPROVAL: BIODIVERSITY ENHANCEMENT STRATEGY

Prior to commencement, a Biodiversity Enhancement Strategy for protected and Priority species shall be submitted to and approved in writing by the local planning authority. The content of the Biodiversity Enhancement Strategy shall include the following:

- a) Purpose and conservation objectives for the proposed enhancement measures;
- b) detailed designs or product descriptions to achieve stated objectives;
- c) locations, orientations, and heights of proposed enhancement measures by appropriate maps and plans;
- d) timetable for implementation demonstrating that works are aligned with the proposed phasing of development;
- e) persons responsible for implementing the enhancement measures;
- f) details of initial aftercare and long-term maintenance (where relevant).

The works shall be implemented in accordance with the approved details prior to occupation and shall be retained in that manner thereafter.

Reason - To enhance protected and Priority species & habitats and allow the LPA to discharge its duties under the NPPF 2021 and s40 of the NERC Act 2006 (Priority habitats & species).

23 PRIOR TO OCCUPATION: WILDLIFE SENSITIVE LIGHTING DESIGN SCHEME

Prior to occupation, a lighting design scheme for biodiversity shall be submitted to and approved in writing by the local planning authority. The scheme shall identify those features on site that are particularly sensitive for bats and that are likely to cause disturbance along important routes used for foraging; and show how and where external lighting will be installed (through the provision of appropriate lighting plans, drawings and technical specifications) so that it can be clearly demonstrated that areas to be lit will not disturb or prevent bats using their territory. The scheme shall include position, height, aiming points, lighting levels and a polar luminance diagram.

All external lighting shall be installed in accordance with the specifications and locations set out in the scheme and maintained thereafter in accordance with the scheme. Under no circumstances should any other external lighting be installed without prior consent from the local planning authority.

Reason - To allow the LPA to discharge its duties under the Conservation of Habitats and Species Regulations 2017 (as amended), the Wildlife & Countryside Act 1981 as amended and s40 of the NERC Act 2006 (Priority habitats & species).

24 FURTHER APPROVAL: SUDS WATER DRAINAGE DETAILS (FOR CONSTRUCTION)

No development shall commence until details of a construction surface water management plan, including timetable, detailing how surface water and storm water will

be managed on the site during construction, are submitted to and agreed in writing by the local planning authority. No part of the development shall be commenced and/or developed except as may be agreed and in accord with the approved timetable. The drainage scheme shall thereafter be maintained as approved or as be agreed to be retained by the local planning authority in writing.

Reason - To safeguard the ground water environment and minimise the risk of flooding. This condition is required to be agreed prior to the commencement of any development as any construction process, including site preparation, by reason of the location and scale of development may result adverse harm by reason of flood risk.

NOTE/S FOR CONDITION:

This condition shall engage and requires details to be agreed prior to the commencement of development. This condition is imposed to ensure the potential impact on a sensitive area is considered and harm avoided that may be detrimental to amenity and the environment. Construction may lead to excess water being discharged from the site. If dewatering takes place to allow for construction to take place below groundwater level, this will cause additional water to be discharged. Furthermore, the removal of topsoils during construction may limit the ability of the site to intercept rainfall and may lead to increased runoff rates. To mitigate increased flood risk to the surrounding area during construction there needs to be satisfactory storage of/disposal of surface water and groundwater which needs to be agreed before commencement of the development.

25 FURTHER APPROVAL: SUDS WATER DRAINAGE DETAILS

No development shall commence until details of a surface water management scheme/plan, detailing how surface water and storm water will be managed on the site during construction and during the lifetime of the development, is submitted to and agreed in writing by the local planning authority. The scheme shall include but not be limited to:

- Details and verification of the suitability of infiltration of surface water for the development.
- Details of all discharge rates for all flood and storm events up to and including the 1 in 100 year rate plus 40% allowance for climate change
- Provide details of sufficient on site storage to be installed and demonstrate if off site flooding as a result of the development during all storm events up to and including the 1 in 100 year plus 40% climate change event is likely to occur.
- Provide details to demonstrate if all storage features can half empty within 24 hours for the 1 in 30 plus 40% climate change critical storm event.
- Provide details that demonstrate if features proposed are able to accommodate a 1 in 10 year storm events within 24 hours of a 1 in 30 year event plus climate change.
- Provide final modelling and calculations for all areas of the drainage system.
- Provide detailed engineering drawings of each component of the drainage scheme.
- A final drainage plan which details exceedance and conveyance routes, FFL and ground levels, and location and sizing of any drainage features.
- A written report summarising the final strategy and highlighting any minor changes to the approved strategy.

Unless a timetable is agreed as part of the surface water management scheme submitted, no part of the development shall be first occupied or brought into use until the

scheme is fully installed and is functionally available for use, unless alternative timing for installation is otherwise agreed in writing by the Local planning authority. The drainage scheme shall thereafter be maintained as approved.

Reason - To safeguard the ground water environment and minimise the risk of flooding. This condition is required to be agreed prior to the commencement of any development as any construction process, including site preparation, by reason of the location and scale of development may result adverse harm by reason of flood risk.

NOTE/S FOR CONDITION:

This condition shall engage and requires details to be agreed prior to the commencement of development. This condition is imposed to ensure the potential impact on a sensitive area is considered and harm avoided that may be detrimental to amenity and the environment.

26 ACTION REQUIRED: REFUSE BINS AND COLLECTION AREAS PRIOR TO OCCUPATION / FIRST USE

Prior to the first use/occupation of the development, or in accordance with an alternative timetable for provision as may be agreed in writing by the Local planning authority, details of the storage for refuse/recycling bins and any collection areas shall be submitted to and approved, in writing, by the local planning authority. The approved areas shall be provided prior to first occupation/ use and thereafter retained as approved.

Reason - In the interest of highway safety to ensure that refuse/recycling bins do not cause any obstruction or danger on the highway and in the interests of an attractive well designed development that is not detrimental to visual amenity.

NOTE/S FOR CONDITION:

It is an OFFENCE to carry out works within the public highway, which includes a Public Right of Way, without the permission of the ECC Highway Authority. Any conditions which involve work within the limits of the public highway do not give the applicant permission to carry them out. Unless otherwise agreed in writing all works within the public highway shall be carried out by Essex County Council or its agents at the applicant's expense.

27 ACTION REQUIRED: LOCAL RECRUITMENT STRATEGY

Prior to commencement of development the applicants shall submit to the Local planning authority, in writing, a Local Recruitment Strategy to include details of how the applicant/developer shall use their reasonable endeavours to promote and encourage the recruitment of employees and other staff in the locality of the application site, for the construction of the development and for the uses of the development thereafter. The approved Local Recruitment Strategy shall thereafter be adhered to.

Reason - To promote and encourage the recruitment of employees and other staff in the locality of the application site.

28 COMPLIANCE: IN ACCORDANCE WITH ENERGY STATEMENT

No development shall commence above slab level until a scheme for the provision and implementation of water, energy and resource efficiency measures for the lifetime of the development in full accordance with the accompanying Energy and Sustainability

Statement (Integration dated 25 October 2021) shall be submitted to and approved, in writing, by the Local Planning Authority. The scheme such include as a minimum to achieve:-

- Agreement of provisions to ensure no more than 105 litres per person per day is used
- Agreement of carbon level
- Agreement of provisions to ensure the development is zero carbon ready
- Details of, including the location of an electric car charging points per dwelling
- Details of, including the location of a Water-butt per dwelling
- Details of, including the location of solar panels for the community building
- Agreement of heating of each dwelling/building
- Agreement of scheme for waste reduction

The scheme shall be fully implemented prior to the first occupancy of the development unless otherwise agreed in writing by the local planning authority. The scheme shall be constructed and the measures provided and made available for use as may be agreed and thereafter shall be maintained.

Reason - To enhance the sustainability of the development through better use of water, energy and resources reduce harm to the environment and result in wider public benefit in accordance with the NPPF.

29 APPROVAL REQUIRED: PHASING PLANS (MATERIALS)

Prior to any above ground works, a Phasing Plan for the development shall be submitted to and approved in writing by the local planning authority. The document shall identify the physical extent of each proposed phase of development to allow flexibility with the approval of materials and finishes required within Condition 3. The development shall be carried out in accordance with the approved Phasing Plan and corresponding materials discharge of condition approval, unless otherwise agreed in writing by the local planning authority.

Reason - To ensure that materials of an acceptable quality are used, in the interests of visual amenity and the quality of the development.

INFORMATIVES:

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by identifying matters of concern within the application (as originally submitted) and negotiating, with the Applicant, acceptable amendments to the proposal to address those concerns. As a result, the Local Planning Authority has been able to grant planning permission for an acceptable proposal, in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Legal Agreement Informative

This application is the subject of a S106 legal agreement and this decision should only be read in conjunction with this agreement. Please note that any subsequent variation / removal of condition applications (s73 applications) may require a Deed of Variation to secure the necessary planning obligations. The agreement includes the following approved plans and drawings:

Appendix	Title	Drawing No. / Report Ref.
A	SITE PLAN	Plan reference: A 025 100 Rev P1 received 14.02.2023
B	GCN RECEPTOR SITE PLAN	Plan reference: 4712/01/22-0409 v2 received 20.07.2023
C	APPROVED REPTILE MITIGATION STRATEGY AND ENHANCEMENT AND MANAGEMENT PLAN	GCN Mitigation Strategy Ref: 21-2603 Version: 3 Date: October 2022 received 07.11.2022
D	AFFORDABLE HOUSING SCHEME	(a) the Updated Schedule of Accommodation received 06.02.2024 (b) the Site Plan and House Types drawing number A100 003 Rev P5 received 15.01.2024 (c) the Site Plan and Plot Numbers drawing A 100 004 Rev P4 received 25.01.2023
E	PROPOSED USES SITE PLAN	Plan reference: A 100 005 Rev P5 received 04.06.2024
F	PROPOSED COMMUNITY HALL BUILDING	Plan reference: A 200 010 Rev P3 received 16.12.2022
G	PROPOSED SITE PLAN SHOWING FUTURE OWNERSHIP OR MANAGEMENT PLAN	Plan reference: A 100 008 Rev P0 received 18.08.2023

Highways Informatives

1. The proposed junction layout and footway proposals will require an initial Stage 1 Road Safety Audit, ideally to be carried out by Essex Highways (to avoid the issue of additional items being identified at RSA2 stage which can then delay technical approval)

roadsafety.audit@essexhighways.org
2. All or some of the above requirements may attract the need for a commuted sum towards their future maintenance (details should be agreed with the Highway Authority as soon as possible).
3. Prior to any works taking place in the highway the developer should enter into an S278 agreement with the Highway Authority under the Highways Act 1980 or Minor Works Authorisation to regulate the construction of the highway works
4. All highway related details should be agreed with the Highway Authority.
5. Priority for pedestrians and cyclists across internal junctions. (Internal layout subject to a 20mph Zone).
6. Speed tables: A plateau may be created by ramps rising 75mm at a rise of 1-in-12. Unless there is a junction, such a plateau should be no longer than 7m.
7. All work within or affecting the highway is to be laid out and constructed by prior arrangement with and to the requirements and specifications of the Highway Authority; all details shall be agreed before the commencement of works.

The applicants should be advised to contact the Development Management Team by email at development.management@essexhighways.org

8. The Public Right of Way network is protected by the Highways Act 1980. Any unauthorised interference with any route noted on the Definitive Map of PROW is considered to be a breach of this legislation. The public's rights and ease of passage over public footpath no.5 (Great Oakley_168) shall be maintained free and unobstructed at all times to ensure the continued safe passage of the public on the definitive right of way.
9. The grant of planning permission does not automatically allow development to commence. In the event of works affecting the highway, none shall be permitted to commence until such time as they have been fully agreed with this Authority. In the interests of highway user safety this may involve the applicant requesting a temporary closure of the definitive route using powers included in the aforementioned Act. All costs associated with this shall be borne by the applicant and any damage caused to the route shall be rectified by the applicant within the timescale of the closure.
10. The Highway Authority cannot accept any liability for costs associated with a developer's improvement. This includes design check safety audits, site supervision, commuted sums for maintenance and any potential claims under Part 1 and Part 2 of the Land Compensation Act 1973. To protect the Highway Authority against such compensation claims a cash deposit or bond may be required.
11. Mitigating and adapting to a changing climate is a national and Essex County Council priority. The Climate Change Act 2008 (amended in 2019) commits the UK to achieving net-zero by 2050. In Essex, the Essex Climate Action Commission proposed 160+ recommendations for climate action. Essex County Council is working with partners to achieve specific goals by 2030, including net zero carbon development. All those active in the development sector should have regard to these goals and applicants are invited to sign up to the Essex Developers' Group Climate Charter [2022] and to view the advice contained in the Essex Design Guide. Climate Action Advice guides for residents, businesses, schools are also available.

Environmental Protection Informatives

In order to minimise potential nuisance caused by construction works, the applicant (or their contractors) the construction method statement required by Condition 14 above shall include the following:

- No vehicle connected with the works to arrive on site before 07:30 or leave after 19:00 (except in the case of emergency). Working hours to be restricted between 08:00 and 18:00 Mondays to Saturdays (finishing at 13:00 on Saturdays) with no working of any kind permitted on Sundays or any Public/Bank Holidays
- The use of barriers to mitigate the impact of noisy operations will be used where possible.
- No materials produced as a result of the site development or clearance shall be burned on site.
- All reasonable steps, including damping down site roads, shall be taken to minimise dust and litter emissions from the site whilst works of construction and demolition are in progress.
- The selection and use of machinery to operate on site, and working practices to be adopted will as a minimum requirement, be compliant with the standards laid out in British Standard 5228:2014.
- Mobile plant to be resident on site during extended works shall be fitted with non-audible reversing alarms (subject to HSE agreement).

- Prior to the commencement of any piling works which may be necessary, a full method statement shall be agreed in writing with the Planning Authority (in consultation with Pollution and Environmental Control). This will contain a rationale for the piling method chosen and details of the techniques to be employed which minimise noise and vibration to nearby residents.
- If there is a requirement to work outside of the recommended hours the applicant or contractor must submit a request in writing for approval by Pollution and Environmental Control prior to the commencement of works.
- Adequate and suitable measures should be carried out for the minimisation of asbestos fibres during demolition, so as to prevent airborne fibres from affecting workers carrying out the work, and nearby properties. Only contractors licensed by the Health and Safety Executive should be employed. Any redundant materials removed from the site should be transported by a registered waste carrier and disposed of at an appropriate legal tipping site.
- All waste arising from the ground clearance and construction processes to be recycled or removed from the site subject to agreement with the Local Planning Authority and other relevant agencies.
- No materials produced as a result of the site development or clearance shall be burned on site. All reasonable steps, including damping down site roads, shall be taken to minimise dust and litter emissions from the site whilst works of construction and demolition are in progress.
- All bulk carrying vehicles accessing the site shall be suitably sheeted to prevent nuisance from dust in transit.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- If you intend to submit an appeal that you would like examined by inquiry then you must notify the Local Planning Authority and Planning Inspectorate (inquiryappeals@planninginspectorate.gov.uk) at least 10 days before submitting the appeal. [Further details are on GOV.UK.](#)

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.

- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
