### TOWN AND COUNTRY PLANNING ACT 1990

**APPLICATION NO:** 24/00914/FULHH      **DATE REGISTERED:** 25th July 2024

Proposed Development and Location of the Land:

**Householder Planning Application - Outbuilding to rear of garden.  
Street House 7 Walton Road Kirby Le Soken Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

1 **COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT**

**CONDITION:** The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

**REASON:** To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

**NOTE/S FOR CONDITION:**

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 **APPROVED PLANS & DOCUMENTS**

**CONDITION:** The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall

be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

- HERITAGE, DESIGN AND ACCESS STATEMENT REC 23/07/2024

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

**NOTE/S FOR CONDITION:**

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

**3 SPECIFIC RESTRICTION ON DEVELOPMENT: OCCUPATION**

CONDITION: This permission shall only authorise the use and occupation of the accommodation hereby approved for purposes incidental and ancillary to the principal dwelling known as Street House 7 Walton Road Kirby Le Soken Essex CO13 0DU (or as may be renamed in the future) and does not permit the use of the approved accommodation as a separate household unrelated and not incidental/ancillary to the principal dwelling.

REASON: The proposed annexe would not be acceptable under the established policies of Local Plan and NPPF by representing a net increase in dwelling units were the development to be occupied as an unrelated dwelling and not considered as one household. Furthermore, having regard to its particular relationship with the principle dwelling, there is potential for noise, activity and disturbance detrimental to the amenity of

that principal dwelling were the development to be occupied as an unrelated dwelling.

#### NOTE/S FOR CONDITION

Unless otherwise stated, this condition applies to the site outlined in red and to all new development that forms any net increase in residential accommodation and may include change of use of buildings, change of use of land for the siting of caravans or similar, new buildings and extensions.

#### 4 FURTHER APPROVAL: AGREEMENT OF MATERIALS

CONDITION: No development/works shall be commenced above slab level until precise details of the manufacturer and types and colours of the external facing and roofing materials to be used in construction have been submitted to and approved, in writing, by the Local Planning Authority. Such materials as may be agreed shall be those used in the development and fully applied prior to the first use/occupation.

REASON: To secure an orderly and well designed finish sympathetic to the character of the existing building(s) and in the interests of visual amenity and the character and appearance of the area.

#### NOTE/S FOR CONDITION:

Slab level normally refers to the concrete slab supported on foundations or directly on the subsoil and is used to construct the ground floor of the development. In any other case, please assume slab level to be the point before any walls and/or development can be visually above ground level or seek confirmation from the Local Planning Authority for your development.

While this condition does not detail in what form the materials sought shall be detailed to the Local Planning Authority, it is suggested that a plan is submitted with the details to show where the materials will be located and the extent of coverage.

#### 5 FURTHER APPROVAL: AGREEMENT OF RAINWATER GOODS

CONDITION: Prior to the installation of rainwater goods to be used for the development, precise information in regards to their type, finish, and colour, including manufacture's literature shall be submitted to the Local Planning Authority and agreed in writing. Such rainwater goods as may be agreed shall be those used in the development and fully applied prior to the first use/occupation.

REASON: To secure an orderly and well designed finish sympathetic to the character of the existing building(s) and in the interests of visual amenity and the character and appearance of the area.

#### NOTE/S FOR CONDITION:

While this condition does not detail in what form the materials sought shall be detailed to the Local Planning Authority, it is suggested that a plan is submitted with the details to show where the materials will be located and the extent of coverage.

#### 6 FURTHER APPROVAL: FENSTRATION DETAILS

**CONDITION:** Prior to the commencement of any works to alter or install new or existing fenestration of the hereby approved development, detailed large appropriately scale drawings which shall include details of materials, finishes, method of opening, glazing and colour of all new and/or replacement windows, roof lights and doors and their surrounds to be installed shall be submitted to and approved, in writing, by the Local Planning Authority and shall thereafter be entirely implemented as approved

**REASON:** In the interests of the character, integrity and preservation of the building and in the interests of visual amenity and principles of good design in accordance with the NPPF.

**NOTE/S FOR CONDITION:**

The large scale drawings should be of appropriate scale to clearly show the detailing of the fenestration and you are advised to discuss these with the Local Planning Authority in advance.

**7 FURTHER APPROVAL: AGREEMENT OF SOLAR PV PANELS**

**CONDITION:** Prior to the installation of solar PV panels upon the roof of the development, precise details of the type, finish and colour of the solar PV panels and means of mounting to be used, including manufacture's literature as appropriate for specification, shall be submitted to the Local Planning Authority and agreed in writing. Such solar PV Panels as may be agreed shall be those used in the development and fully applied prior to the first use/occupation.

Within six months of the permanent cessation of the solar PV panels for the generation of renewable energy, the solar PV panels shall be decommissioned and removed from the site

**REASON:** To secure an orderly and well-designed finish sympathetic to the character of the existing building(s) and in the interests of visual amenity and the character and appearance of the area.

**NOTE/S FOR CONDITION:**

While this condition does not detail in what form the materials sought shall be detailed to the Local Planning Authority, it is suggested that a plan is submitted with the details to show where the materials will be located and the extent of coverage.
