THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

**1 COMPLIANCE REQUIRED: COMMENCEMENT SECTION 73 TIME LIMIT**

**CONDITION:** The development hereby permitted shall be begun not later than 18/06/2027.

**REASON:** To comply with the requirements of Section 73 and 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

**NOTES FOR CONDITION:**

The development needs to commence (if not already commenced) within the timeframe provided unchanged from the permission varied. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk of Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

**2 APPROVED PLANS & DOCUMENTS**

**CONDITION:** The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this

permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard.

The approved red line plan drawing is 1:1250 scale Site Plan received 19.03.2024  
 1:500 scale Block Plan revision A received 4th September 2024.  
 GCL - 01 C received 6th September 2024.  
 Odour Assessment Reference 7473r1 dated 18th January 2024.  
 Odour Technical Note Reference 7473c1 dated 30th May 2024.

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

#### NOTES FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

### 3 FURTHER APPROVAL: DETAILS OF ILLUMINATION

CONDITION: Prior to the erection/installation of any floodlighting or other means of external lighting at the site, details to include position, height, aiming points, lighting levels and a polar luminance diagram shall be submitted to and approved, in writing, by the Local Planning Authority. The lighting shall be carried out and retained as may be approved. There shall be no other means of external lighting installed and/or operated on/at the site except that approved.

REASON: In the interests of amenity to reduce the impact of night time illumination on the character of the area and in the interests of biodiversity and residential amenity.
