24/00328/HHPNO T	Prior Approval Application under Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) for erection of single storey rear extension to form kitchen/dining (Depth 5.2m, Maximum Height 4.05m, Eaves Height 2.45m).	Refused	12.04.2024
24/00561/HHPNO T	Prior Approval Application under Part 1, Class A of the Town and Country Planning (General Permitted Development) (England) Order 2015 (as amended) for single storey rear extension (5.2m depth, 4m maximum height and 2.45m eaves height).	Withdrawn	20.05.2024
24/00797/FULHH	Householder Planning Application - outbuilding	Approved	25.07.2024
24/01532/FULHH	Householder Planning Application - Retrospective permission for single storey rear extension.	Current	

4. Status of the Local Plan

Planning law requires that decisions on applications must be taken in accordance with the development plan unless there are material considerations that indicate otherwise (Section 70(2) of the 1990 Town and Country Planning Act and Section 38(6) of the Planning and Compulsory Purchase Act 2004). This is set out in Paragraph 2 of the National Planning Policy Framework (the Framework). The 'development plan' for Tendring comprises, in part, Sections 1 and 2 of the Tendring District Local Plan 2013-33 and Beyond (adopted January 2021 and January 2022, respectively), supported by our suite of evidence base core documents (<https://www.tendringdc.uk/content/evidence-base>) together with any Neighbourhood Plans that have been made and the Minerals and Waste Local Plans adopted by Essex County Council.

5. Neighbourhood Plans

A neighbourhood plan introduced by the Localism Act that can be prepared by the local community and gives communities the power to develop a shared vision for their area. Neighbourhood plans can shape, direct and help to deliver sustainable development, by influencing local planning decisions as part of the statutory development plan to promote development and uphold the strategic policies as part of the Development Plan alongside the Local Plan. Relevant policies are considered in the assessment. Further information on our Neighbourhood Plans and their progress can be found via our website <https://www.tendringdc.uk/content/neighbourhood-plans>.

There are currently no neighbourhood plans for this area.

7. Officer Appraisal (including Site Description and Proposal)

Application Site

The application site is located on the south-western side of Southcliff Park and consists of a detached bungalow which faces north-east. The site is separated from the highway via a low brick wall behind which is a mixture of hard and soft landscaping. The rear garden is predominately laid to lawn and is enclosed in all sides by fencing and dense mature vegetation.

Proposal

This application seeks planning permission for the retention of a single storey rear extension.

Assessment

The key considerations of this application will be Design and Appearance, Impact upon the Neighbours and Other Considerations.

Design and Appearance

The rear extension is sited to the rear of the dwelling and is well screened from views from the streetscene.

The proposal measures 7.8m in width, 5.2m in depth and 3.7m in height. The rear extension is single storey in nature with a mansard roof design. The size of the extension is of a scale which is in keeping with the host dwelling and the garden area is deemed to be of a sufficient size to be able to accommodate the addition whilst still retaining adequate amenity space.

The rear extension has been finished in cream render with a red brick plinth beneath, pantile roof and white uPVC windows and door. The materials used in the construction of the extension matches those of the host dwelling which have helped tie the development in, significantly reduce the potential harm the addition may have had upon on the visual amenities of the area.

Impact to Neighbours

The site lies adjacent 21 Southcliff to the north and 17 Southcliff to the south. Due to its single storey nature and the screening provided by the existing boundary treatment together with the neighbouring extensions/additions the addition is not considered to have a posed detrimental impact to the adjacent properties. Further, there is an adequate separation distance of 5.9m from the proposal to the side/rear elevation of the nearest adjacent dwelling and there are no openings on either side elevation of the proposed rear extension. As a result of this, the rear extension is considered to pose no significant harm to the privacy, light or outlook of the neighbouring properties.

Other considerations

Clacton-on-Sea is non-parished.

No letters of representation have been received.

Ecology and Biodiversity

General Duty on all Authorities

The Natural Environment and Rural Communities Act 2006 amended by the Environment Act 2021 provides under Section 40 the general duty to conserve and enhance biodiversity: "For the purposes of this section "the general biodiversity objective" is the conservation and enhancement of biodiversity in England through the exercise of functions in relation to England." Section 40 states authorities must consider what actions they can take to further the general biodiversity objective and determine policies and specific objectives to achieve this goal. The actions mentioned include conserving, restoring, or enhancing populations of particular species and habitats. In conclusion for decision making, it is considered that the Local Planning Authority must be satisfied that the development would conserve and enhance.

This development is subject to the general duty outlined above. An informative has been imposed strongly encouraging the applicant to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Therefore the development on balance, with consideration of the impact of the development and baseline situation on site, is considered likely to conserve and enhance biodiversity interests.

Biodiversity Net Gain

Biodiversity net gain (BNG) is an approach that aims to leave the natural environment in a measurably better state than it was beforehand. This excludes applications for Listed Building Consent, Advert Consent, Reserved Matters, Prior Approvals, Lawful Development Certificates, householders, self builds, and other types of application which are below the threshold i.e. does not impact a priority habitat and impacts less than 25 sq.m of habitat, or 5m of linear habitats such as hedgerow). This proposal is not therefore applicable for Biodiversity Net Gain.

Protected Species

In accordance with Natural England's standing advice the proposed development site and surrounding habitat have been assessed for potential impacts on protected species. It is considered that the proposal is unlikely to adversely impact upon protected species or habitats.

Conclusion

In accordance with the overarching duty outlined above, this development is considered to accord to best practice, policy, and legislation requirements in consideration of the impacts on ecology interests. Further, the development is consistent with the above mentioned national and local planning policies and, in the absence of material harm the proposal is recommended for approval.

8. Recommendation

Approval - Full

9. Conditions / Reasons for Refusal

1 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Document titled; Site Location Plan at a scale of 1:1250 – Received 16/10/2024
Drawing No. WSP-01 E

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved

development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

10. Informatives

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Ecology Informative

In accordance with the Council's general duty to conserve and enhance biodiversity, you are strongly encouraged to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Suggested enhancements could include: <https://www.rhs.org.uk/wildlife/in-the-garden/encourage-wildlife-to-your-garden>

11. Equality Impact Assessment

In making this recommendation/decision regard must be had to the public sector equality duty (PSED) under section 149 of the Equality Act 2010 (as amended). This means that the Council must have due regard to the need in discharging its functions that in summary include A) Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act; B. Advance equality of opportunity between people who share a protected characteristic* (See Table) and those who do not; C. Foster good relations between people who share a protected characteristic* and those who do not, including tackling prejudice and promoting understanding.

It is vital to note that the PSED and associated legislation are a significant consideration and material planning consideration in the decision-making process. This is applicable to all planning decisions including prior approvals, outline, full, adverts, listed buildings etc. It does not impose an obligation to achieve the outcomes outlined in Section 149. Section 149 represents just one of several factors to be weighed against other pertinent considerations.

In the present context, it has been carefully evaluated that the recommendation articulated in this report and the consequent decision are not expected to disproportionately affect any protected characteristic* adversely. The PSED has been duly considered and given the necessary regard, as expounded below.

Protected Characteristics *	Analysis	Impact
Age	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Disability	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Gender Reassignment	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral

Marriage or Civil Partnership	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Pregnancy and Maternity	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Race (Including colour, nationality and ethnic or national origin)	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Sexual Orientation	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Sex (gender)	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Religion or Belief	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral

12. Notification of Decision

Are there any letters to be sent to applicant / agent with the decision? If so please specify:	YES	<u>NO</u>
Are there any third parties to be informed of the decision? If so, please specify:	YES	<u>NO</u>
Has there been a declaration of interest made on this application?	YES	<u>NO</u>
