Subject:

Fuel Oils Officer Decision

Importance:

High

Afternoon Cllr Kotz,

I hope this email finds you well. Please see attached an officer decision for your attention. Tendring District Council (TDC) has purchased their liquid fuels, Heating Oil, via a framework that ESPO tender (based on regions of which we are included in the Eastern Region award). The existing contract ended on 17 August 2024. Heating Oil is purchased for the following Council buildings:

Jaywick Enterprise Centre- Kerosene

Clacton Leisure Centre – Heating Oil

A new ESPO framework had been awarded to enable the Council to continue to purchase its fuel oils within this wider regional framework approach. The initial decision Award of Contract for the Supply of Fuel Oils (<https://tendringdc.gov.uk/iesDecisionDetails.aspx?ID=10336>) commenced on the 1 October 2022 and was in place until 17 August 2024, with the option to extend to 17 August 2026.

Prices are quoted by various suppliers on the ESPO Framework, so it is a straightforward process to identify the supplier offering the most competitive prices for the two fuels we purchase as highlighted above. As such, this decision is to extent the contract until 17 August 2026. The ESPO framework and its costs were reviewed as part of this decision and both suppliers continue to provide value for money.

I would be grateful if you could kindly review the attached and provide your concurrence via email at your earliest convenience.

Many Thanks,

Kieran Charles, BA Hons, MCIMSPA
