### **4. Status of the Local Plan**

Planning law requires that decisions on applications must be taken in accordance with the development plan unless there are material considerations that indicate otherwise (Section 70(2) of the 1990 Town and Country Planning Act and Section 38(6) of the Planning and Compulsory Purchase Act 2004). This is set out in Paragraph 2 of the National Planning Policy Framework (the Framework). The 'development plan' for Tendring comprises, in part, Sections 1 and 2 of the Tendring District Local Plan 2013-33 and Beyond (adopted January 2021 and January 2022, respectively), supported by our suite of evidence base core documents (<https://www.tendringdc.uk/content/evidence-base>) together with any Neighbourhood Plans that have been made and the Minerals and Waste Local Plans adopted by Essex County Council.

### **5. Neighbourhood Plans**

A neighbourhood plan introduced by the Localism Act that can be prepared by the local community and gives communities the power to develop a shared vision for their area. Neighbourhood plans can shape, direct and help to deliver sustainable development, by influencing local planning decisions as part of the statutory development plan to promote development and uphold the strategic policies as part of the Development Plan alongside the Local Plan. Relevant policies are considered

in the assessment. Further information on our Neighbourhood Plans and their progress can be found via our website <https://www.tendringdc.uk/content/neighbourhood-plans>

## **7. Officer Appraisal (including Site Description and Proposal)**

### **Application Site**

The application site comprises of a detached bungalow located to the south east of Harwich Road. The site is outside the Settlement Development Boundary.

### **Proposal**

The application seeks planning permission for the proposed rear and side extension.

### **Assessment**

#### **Visual Impact**

The proposed extension is located to the rear and side of the property. The side extension will be for a proposed garage, this will be clearly visible from the street scene of Harwich Road, however due to it being set back from the principal elevation of the existing dwelling it will not appear prominent. Harwich Road also features various types of properties including some with garages so this would not appear out of character for the area.

The proposed rear extension will be largely screened from view from the public realm due to it sitting behind the existing dwelling. The extension features a pitched roof that will join and slightly exceed the properties existing roof, creating a much larger pitched roof. Although large the proportions of the extension are acceptable and not out of scale with the prevailing pattern of development in the area.

The use of matching materials will help the side and rear extension blend effortlessly with the existing property.

The application site can comfortably accommodate for the extension whilst retaining adequate private amenity space. It is therefore deemed to be of an acceptable size and scale.

### Impact to Neighbours

The proposed extension is located to the rear of the property and is of a single storey nature so will not cause a material loss of outlook to the neighbouring properties.

The proposal includes a new door and window to the side elevation, facing towards the property known as 188 Harwich Road. This is unlikely to cause any loss of privacy to this property due to the 6ft garden fence obscuring the view.

Given the depth and the close proximity of the extension to the neighbouring property the 45 degree daylight test has been undertaken. The extension fails in plan however passes in elevation. This results in the combined test being passed and a refusal on the grounds of loss of daylight cannot therefore be justified.

### Ecology and Biodiversity

#### **General duty on all authorities**

The Natural Environment and Rural Communities Act 2006 amended by the Environment Act 2021 provides under Section 40 the general duty to conserve and enhance biodiversity: "For the purposes of this section "the general biodiversity objective" is the conservation and enhancement of biodiversity in England through the exercise of functions in relation to England." Section 40 states authorities must consider what actions they can take to further the general biodiversity objective and determine policies and specific objectives to achieve this goal. The actions mentioned include conserving, restoring, or enhancing populations of particular species and habitats. In conclusion for decision making, it is considered that the Local Planning Authority must be satisfied that the development would conserve and enhance.

This development is subject to the general duty outlined above. An informative has been imposed strongly encouraging the applicant to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Therefore the development on balance, with consideration of the impact of the development and baseline situation on site, is considered likely to conserve and enhance biodiversity interests.

#### **Biodiversity net gain**

Biodiversity net gain (BNG) is an approach that aims to leave the natural environment in a measurably better state than it was beforehand. This excludes applications for householders this proposal is not therefore applicable for Biodiversity Net Gain.

#### **Protected Species**

In accordance with Natural England's standing advice the proposed development site and surrounding habitat have been assessed for potential impacts on protected species. It is considered that the proposal is unlikely to adversely impact upon protected species or habitats.

#### **Conclusion**

In accordance with the overarching duty outlined above, this development is considered to accord to best practice, policy, and legislation requirements in consideration of the impacts on ecology interests.

### Other Considerations

The proposed extension is to the rear and side of the property so will not impact the current parking provision on site which is sufficient for the extended dwelling.

No letters of representation have been received.

### Conclusion

The proposed development is consistent with the above mentioned national and local planning policies. In the absence of material harm the proposal is recommended for approval.

## **8. Recommendation**

Approval - Full

## **9. Conditions**

### **1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT**

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

### **2 APPROVED PLANS & DOCUMENTS**

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents).

Drawing No.s  
1173\_A\_SC\_01  
1173\_A\_SC\_04  
1173\_A\_SC\_02/A  
1173\_A\_SC\_05/A  
1173\_A\_SC\_06/A

REASON: For the avoidance of doubt.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved

development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

## 10. **Informatives**

### Ecology Informative

In accordance with the Council's general duty to conserve and enhance biodiversity, you are strongly encouraged to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Suggested enhancements could include: <https://www.rhs.org.uk/wildlife/in-the-garden/encourage-wildlife-to-your-garden>

### Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

## 11. **Equality Impact Assessment**

In making this recommendation/decision regard must be had to the public sector equality duty (PSED) under section 149 of the Equality Act 2010 (as amended). This means that the Council must have due regard to the need in discharging its functions that in summary include A) Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act; B. Advance equality of opportunity between people who share a protected characteristic\* (See Table) and those who do not; C. Foster good relations between people who share a protected characteristic\* and those who do not, including tackling prejudice and promoting understanding.

It is vital to note that the PSED and associated legislation are a significant consideration and material planning consideration in the decision-making process. This is applicable to all planning decisions including prior approvals, outline, full, adverts, listed buildings etc. It does not impose an obligation to achieve the outcomes outlined in Section 149. Section 149 represents just one of several factors to be weighed against other pertinent considerations.

In the present context, it has been carefully evaluated that the recommendation articulated in this report and the consequent decision are not expected to disproportionately affect any protected characteristic\* adversely. The PSED has been duly considered and given the necessary regard, as expounded below.

| Protected Characteristics * | Analysis                                                                                    | Impact  |
