Dear Cllr Bentley

ESSEX AIR QUALITY STRATEGY FOR CONSULTATION

I am writing in response to your recent letter regarding the above consultation and your request for confirmation that Tendring District Council (TDC) wish to be part of the strategy.

I can confirm that TDC are in support of the strategy and agree to be involved in its development moving forward including the use of the Council's name and crest on any supporting documentation.

In addition, Tendring District Council will support the promotion of the strategy through its various communication channels to raise awareness, thus allowing those with an interest in Air Quality the opportunity to provide comments should they wish to do so.

TDC look forward to being part of the strategy and I can confirm officers from our Environmental Health Service will be part of future meetings during the consultation and development process.

Yours sincerely

Grant Fenton-Jones
