

## Officer Report

2 December 2024

The trees are a linear feature adjacent to a public right of way to the rear of the properties in Curtis Close .

The trees have been previously pollarded and consequently the proposal to re- pollard them is acceptable and necessary in order to retain them at a size and scale proportionate to their location .

The proposed works will not adversely affect the health or condition of the tree nor diminish the contribution that they make to the public realm.
