Proposed single storey rear and side
extensions.

4. Status of the Local Plan

Planning law requires that decisions on applications must be taken in accordance with the development plan unless there are material considerations that indicate otherwise (Section 70(2) of the 1990 Town and Country Planning Act and Section 38(6) of the Planning and Compulsory Purchase Act 2004). This is set out in Paragraph 2 of the National Planning Policy Framework (the Framework). The 'development plan' for Tendring comprises, in part, Sections 1 and 2 of the Tendring District Local Plan 2013-33 and Beyond (adopted January 2021 and January 2022, respectively), supported by our suite of evidence base core documents (<https://www.tendringdc.uk/content/evidence-base>) together with any Neighbourhood Plans that have been made and the Minerals and Waste Local Plans adopted by Essex County Council.

5. Neighbourhood Plans

A neighbourhood plan introduced by the Localism Act that can be prepared by the local community and gives communities the power to develop a shared vision for their area. Neighbourhood plans can shape, direct and help to deliver sustainable development, by influencing local planning decisions as part of the statutory development plan to promote development and uphold the strategic policies as part of the Development Plan alongside the Local Plan. Relevant policies are considered in the assessment. Further information on our Neighbourhood Plans and their progress can be found via our website <https://www.tendringdc.uk/content/neighbourhood-plans>

There are currently no neighbourhood plans for this area.

7. Officer Appraisal (including Site Description and Proposal)

Application Site

The application site is located on the north-eastern side of School Lane and consists of a detached bungalow, which faces south-west. The site is located on a corner plot where it is slightly set back from the highway with public open green space to the front, side and rear. The site is surrounded by close board fencing and wicker screening with access to the site possible by way of the driveway which leads to a detached garage. The site lies outside the Settlement Development Boundary for Lawford and Manningtree.

Proposal

This application seeks planning permission for the erection of single storey rear and side extensions.

Assessment

The key considerations of this application will be Design and Appearance, Impact upon the Neighbours and Other Considerations.

Design and Appearance

Paragraph 131 of the NPPF states: The creation of high quality, beautiful and sustainable buildings and places is fundamental to what the planning and development process should achieve. Good design is a key aspect of sustainable development, creates better places in which to live and work and helps make development acceptable to communities. Paragraph 135 adds planning decisions should ensure that developments are visually attractive as a result of good architecture, and establish or maintain a strong sense of place, using the arrangement of streets, spaces, building types and materials to create attractive, welcoming and distinctive places to live, work and visit.

Local Plan Policy SP7 states that all new development should respond positively to local character and context to preserve and enhance the quality of existing places and their environs. Policy SPL3 seeks to ensure all new development makes a positive contribution to the quality of the local environment and protect or enhance local character. The following criteria must be met: new alterations are well designed and maintain or enhance local character and distinctiveness; and the development relates well to its site and surroundings particularly in relation to its siting, height, scale, design and materials.

As the site is a corner plot, all elements of the proposal will be visible to School Lane and Wignall Street; however, the existing boundary treatment consisting of close board fencing and mature landscaping will offer adequate screening of the proposals. Both the porch and side extension are single storey in nature with a pitched roof design and are considered to be of an acceptable size and scale. The rear extension is similarly single storey; however, it is larger in scale with a flat roof complete with 2no. velux windows. Though of a considerable size it still appears subservient to the host dwelling. The side and rear gardens are deemed to be of a sufficient size to be able to accommodate the proposal and still retain adequate private amenity space. The porch will be finished in facing render whilst the rear and side extension will be finished in facing brickwork. Both the porch and side extension will be topped with concrete pantiles and all three elements will be fitted with uPVC windows and doors. The use of these materials which match the appearance of the host dwelling, and will help tie the development in with the site and wider locale, significantly reducing the potential harm the proposal may have upon on the visual amenities of the area.

Impact to Neighbours

The NPPF, Paragraph 135, states that planning should always seek to secure a high standard of amenity for all existing and future occupants of land and buildings. In addition, Policy SP7 of the adopted local plan states that all development should protect the amenity of existing and future residents and users with regard to noise, vibration, smell, loss of light, overbearing and overlooking. These sentiments are carried forward in Policy SPL3 of the Tendring District Local Plan 2013-2033 and Beyond Section 2 (adopted January 2022).

The site lies adjacent to 3 School Lane to the south-east. The side extension will be completely screened by the host dwelling and will therefore pose no harm. The rear extension is sited a minimum of 7.6m away from the adjacent property and though there is a large bi-fold door which faces towards the 3 School Lane, the existing freestanding garage will help screen the neighbouring property from view.

The porch lies directly adjacent to the neighbouring boundary; however, it's single storey nature, lack of any openings on the side elevation, and the screening offered by the existing freestanding garage at both the neighbouring and application site, as well as the existing boundary treatment will help negate the potential impact the porch may pose. As a result of the above, it is considered the proposal will not have a significantly detrimental impact to the privacy, light or outlook of the 3 School Lane to warrant refusal of this application.

Other Considerations

Lawford Parish Council has no comment on this application.

No letters of representation have been received.

Ecology and Biodiversity

General Duty on all Authorities

The Natural Environment and Rural Communities Act 2006 amended by the Environment Act 2021 provides under Section 40 the general duty to conserve and enhance biodiversity: "For the purposes of this section "the general biodiversity objective" is the conservation and enhancement of biodiversity in England through the exercise of functions in relation to England." Section 40 states authorities must consider what actions they can take to further the general biodiversity objective and determine policies and specific objectives to achieve this goal. The actions mentioned include conserving, restoring, or enhancing populations of particular species and habitats. In conclusion for decision making, it is considered that the Local Planning Authority must be satisfied that the development would conserve and enhance.

This development is subject to the general duty outlined above. An informative has been imposed strongly encouraging the applicant to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Therefore the development on

balance, with consideration of the impact of the development and baseline situation on site, is considered likely to conserve and enhance biodiversity interests.

Biodiversity Net Gain

Biodiversity net gain (BNG) is an approach that aims to leave the natural environment in a measurably better state than it was beforehand. This excludes applications for householders and the proposal is not therefore applicable for Biodiversity Net Gain.

Protected Species

In accordance with Natural England's standing advice the proposed development site and surrounding habitat have been assessed for potential impacts on protected species. It is considered that the proposal is unlikely to adversely impact upon protected species or habitats.

Conclusion

In accordance with the overarching duty outlined above, this development is considered to accord to best practice, policy, and legislation requirements in consideration of the impacts on ecology interests. Further, the proposed development is consistent with the above mentioned national and local planning policies and, in the absence of material harm the proposal is recommended for approval.

8. Recommendation

Approval - Full

9. Conditions

1 COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2 APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

Document titled; Location Plan at a scale of 1:1250 – Received 25/11/2024

Document showing the proposed works in red at a scale of 1:500 – Received 28/11/2024
Drawing No. 1 Revision B
Drawing No. 2 Revision A
Drawing No. 3 Revision A

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

10. Informatives

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Ecology Informative

In accordance with the Council's general duty to conserve and enhance biodiversity, you are strongly encouraged to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Suggested enhancements could include: <https://www.rhs.org.uk/wildlife/in-the-garden/encourage-wildlife-to-your-garden>

11. Equality Impact Assessment

In making this recommendation/decision regard must be had to the public sector equality duty (PSED) under section 149 of the Equality Act 2010 (as amended). This means that the Council must have due regard to the need in discharging its functions that in summary include A) Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act; B. Advance equality of opportunity between people who share a protected characteristic* (See Table)

and those who do not; C. Foster good relations between people who share a protected characteristic* and those who do not, including tackling prejudice and promoting understanding.

It is vital to note that the PSED and associated legislation are a significant consideration and material planning consideration in the decision-making process. This is applicable to all planning decisions including prior approvals, outline, full, adverts, listed buildings etc. It does not impose an obligation to achieve the outcomes outlined in Section 149. Section 149 represents just one of several factors to be weighed against other pertinent considerations.

In the present context, it has been carefully evaluated that the recommendation articulated in this report and the consequent decision are not expected to disproportionately affect any protected characteristic* adversely. The PSED has been duly considered and given the necessary regard, as expounded below.

Protected Characteristics *	Analysis	Impact
Age	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Disability	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Gender Reassignment	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Marriage or Civil Partnership	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Pregnancy and Maternity	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Race (Including colour, nationality and ethnic or national origin)	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Sexual Orientation	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Sex (gender)	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Religion or Belief	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral

12. Notification of Decision

Are there any letters to be sent to applicant / agent with the decision? If so please specify:	YES	<u>NO</u>
Are there any third parties to be informed of the decision? If so, please specify:	YES	<u>NO</u>
Has there been a declaration of interest made on this application?	YES	<u>NO</u>
