

Officer Report

17 February 2025

The tree has been previously pollarded and has shown reasonable signs of regrowth. The proposal to remove dead wood and cut back to a high union in the canopy of the tree is reasonable and necessary and will help to contain the tree at a size and scale proportionate to its location .

The proposed works will not adversely affect the health or condition of the tree nor diminish the contribution that it makes to the character or appearance of the locality.

Decision - Approval
