Application: 25/00517/FULHH

Town / Parish: Weeley Parish Council

Applicant: Mr Drew Welham

Address: St Andrews Church Lane Weeley

Development: Householder Planning Application - Single storey rear and side extensions.

1. Town / Parish Council

Weeley Parish Council Weeley Parish Council has no comment on this application

2. Consultation Responses

Not applicable to this application

3. Planning History

98/00081/FUL Erection of two storey extension Approved 26.02.1998

4. Status of the Local Plan

Planning law requires that decisions on applications must be taken in accordance with the development plan unless there are material considerations that indicate otherwise (Section 70(2) of the 1990 Town and Country Planning Act and Section 38(6) of the Planning and Compulsory Purchase Act 2004). This is set out in Paragraph 2 of the National Planning Policy Framework (the Framework). The 'development plan' for Tendring comprises, in part, Sections 1 and 2 of the Tendring District Local Plan 2013-33 and Beyond (adopted January 2021 and January 2022, respectively), supported by our suite of evidence base core documents (<https://www.tendringdc.uk/content/evidence-base>) together with any Neighbourhood Plans that have been made and the Minerals and Waste Local Plans adopted by Essex County Council.

5. Neighbourhood Plans

A neighbourhood plan introduced by the Localism Act that can be prepared by the local community and gives communities the power to develop a shared vision for their area. Neighbourhood plans can shape, direct and help to deliver sustainable development, by influencing local planning decisions as part of the statutory development plan to promote development and uphold the strategic policies as part of the Development Plan alongside the Local Plan. Relevant policies are considered in the assessment. Further information on our Neighbourhood Plans and their progress can be found via our website <https://www.tendringdc.uk/content/neighbourhood-plans>

At the time of writing, there are no draft or adopted neighbourhood plans relevant to this site.

7. Officer Appraisal (including Site Description and Proposal)

Application Site

The application site comprises of a two storey detached house located within the development boundary of Weeley. The house is located down Church Road which is a private unmade road.

The house is constructed from brick with existing outbuildings to the rear finished in black boarding. The house is significantly set back on its plot with large front garden and area for parking along with side and rear amenity space.

The front and side boundaries of the site play host to vast hedging and planting suitably screening much of the house from public view.

Proposal

This application seeks planning permission for the erection of;

- a single storey rear extension forming a garden room measuring 4.486m in depth and 3.008m in width.
- a single storey side extension in the form of an infill between the garage and main house.

Assessment

Visual Impact

Paragraph 135 of the NPPF (2025) requires that developments are visually attractive as a result of good architecture, are sympathetic to local character, and establish or maintain a strong sense of place. Policy SP7 of the 2013-33 Local Plan seeks high standards of urban and architectural design which responds positively to local character and context, and to protect the district's landscape and the quality of existing places and their environs.

The proposed extensions will be sited to the rear of the existing house and predominantly screened by the host dwelling. As the house is positioned on a large plot it is likely that some public views will

be achieved; however, given the overall scale of the development and its set back these views will be minimal and would not appear prominent within the streetscene.

The proposed extensions will be of a single storey design allowing them to appear subservient to the main house and will be finished in cladding which will be a suitable contrast to the main house and match other elements to the rear. Whilst the use of a flat roof will represent a difference to the character of the main house, given that the extensions are to the rear they will incur only minimal public views onto Church Road and the use of such would not result in a harmful impact to the streetscene.

The site is of a sufficient size to accommodate the proposal and still maintain a suitable level of private amenity space.

The proposal is therefore considered an appropriate addition to the existing house which would not result in an adverse impact to the character and appearance of the host dwelling or local area.

Impact to Neighbours

Paragraph 135 of the National Planning Policy Framework (2025) confirms planning policies and decisions should create places that are safe, inclusive and accessible and which promote health and well being, with a high standard of amenity for existing and future users.

Policy SP7 of Section 1 of the 2013-33 Local Plan requires that the amenity of existing residents is protected. Section 2 Policy SPL 3 (Part C) seeks to ensure that development will not have a materially damaging impact on the privacy, daylight or other amenities of occupiers of nearby properties.

The proposal is of a minor nature which will be sited sufficiently away from shared boundaries preventing a significant loss of amenities to neighbouring sites.

Ecology and Biodiversity

The Natural Environment and Rural Communities Act 2006 amended by the Environment Act 2021 provides under Section 40 the general duty to conserve and enhance biodiversity: "For the purposes of this section "the general biodiversity objective" is the conservation and enhancement of biodiversity in England through the exercise of functions in relation to England." Section 40 states authorities must consider what actions they can take to further the general biodiversity objective and determine policies and specific objectives to achieve this goal. The actions mentioned include conserving, restoring, or enhancing populations of particular species and habitats. In conclusion for decision making, it is considered that the Local Planning Authority must be satisfied that the development would conserve and enhance.

This development is subject to the general duty outlined above. An informative has been imposed strongly encouraging the applicant to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Therefore, the development on balance, with consideration of the impact of the development and baseline situation on site, is considered likely to conserve and enhance biodiversity interests.

Biodiversity net gain (BNG) is an approach that aims to leave the natural environment in a measurably better state than it was beforehand. This excludes applications for householder development. This proposal is not therefore applicable for Biodiversity Net Gain.

In accordance with Natural England's standing advice the proposed development site and surrounding habitat have been assessed for potential impacts on protected species. It is considered that the proposal is unlikely to adversely impact upon protected species or habitats.

In accordance with the overarching duty outlined above, this development is considered to accord to best practice, policy, and legislation requirements in consideration of the impacts on ecology interests.

Other Considerations

Weeley Parish Council do not object to the proposal.

There have been no letters of representation received.

Conclusion

The proposal is therefore considered to be compliant with national and local policy as assessed in the above report. In the absence of material harm resulting from the proposed development the application is recommended for approval.

8. Recommendation

Approved

9. Conditions

1. COMPLIANCE REQUIRED: COMMENCEMENT TIME LIMIT

CONDITION: The development hereby permitted shall be begun not later the expiration of three years from the date of this permission.

REASON: To comply with the requirements of Section 91 of the Town and Country Planning Act 1990 as amended by Section 51 of the Planning and Compulsory Purchase Act 2004.

NOTE/S FOR CONDITION:

The development needs to commence within the timeframe provided. Failure to comply with this condition will result in the permission becoming lapsed and unable to be carried out. If commencement takes place after the time lapses this may result in unlawful works at risk Enforcement Action proceedings. You should only commence works when all other conditions requiring agreement prior to commencement have been complied with.

2. APPROVED PLANS & DOCUMENTS

CONDITION: The development hereby permitted shall be carried out in accordance with the drawings/documents listed below and/or such other drawings/documents as may be approved by the Local Planning Authority in writing pursuant to other conditions of this permission or such drawings/documents as may subsequently be approved in writing by the Local Planning Authority as a non-material amendment following an application in that regard (except for Listed Building Consents). Such development hereby permitted shall be carried out in accordance with any Phasing Plan approved, or as necessary in accordance with any successive Phasing Plan as may subsequently be approved in writing by the Local Planning Authority prior to the commencement of development pursuant to this condition.

P02 - Site Plan - Rec'd 27.03.25

P01 - Block Plan And Existing And Proposed Elevations And Floor Plans

REASON: For the avoidance of doubt and in the interests of proper phased planning of the development.

NOTE/S FOR CONDITION:

The primary role of this condition is to confirm the approved plans and documents that form the planning decision. Any document or plan not listed in this condition is not approved, unless otherwise separately referenced in other conditions that also form this decision. The second role of this condition is to allow the potential process of Non Material Amendment if found necessary and such

future applications shall be considered on their merits. Lastly, this condition also allows for a phasing plan to be submitted for consideration as a discharge of condition application should phasing be needed by the developer/s if not otherwise already approved as part of this permission. A phasing plan submission via this condition is optional and not a requirement.

Please note in the latest revision of the National Planning Policy Framework (NPPF) it provides that Local Planning Authorities should seek to ensure that the quality of approved development is not materially diminished between permission and completion, as a result of changes being made to the permitted scheme (for example through changes to approved details such as the materials used). Accordingly, any future amendment of any kind will be considered in line with this paragraph, alongside the Development Plan and all other material considerations.

Any indication found on the approved plans and documents to describe the plans as approximate and/or not to be scaled and/or measurements to be checked on site or similar, will not be considered applicable and the scale and measurements shown shall be the approved details and used as necessary for compliance purposes and/or enforcement action.

10. Informatives

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Ecology and Biodiversity

In accordance with the Council's general duty to conserve and enhance biodiversity, you are strongly encouraged to improve the biodiversity of the application site through appropriate additional planting and wildlife friendly features. Suggested enhancements could include: <https://www.rhs.org.uk/wildlife/in-the-garden/encourage-wildlife-to-your-garden>

11. Equality Impact Assessment

In making this recommendation/decision regard must be had to the public sector equality duty (PSED) under section 149 of the Equality Act 2010 (as amended). This means that the Council must have due regard to the need in discharging its functions that in summary include A) Eliminate unlawful discrimination, harassment and victimisation and other conduct prohibited by the Act; B. Advance equality of opportunity between people who share a protected characteristic* (See Table) and those who do not; C. Foster good relations between people who share a protected characteristic* and those who do not, including tackling prejudice and promoting understanding.

It is vital to note that the PSED and associated legislation are a significant consideration and material planning consideration in the decision-making process. This is applicable to all planning decisions including prior approvals, outline, full, adverts, listed buildings etc. It does not impose an obligation to achieve the outcomes outlined in Section 149. Section 149 represents just one of several factors to be weighed against other pertinent considerations.

In the present context, it has been carefully evaluated that the recommendation articulated in this report and the consequent decision are not expected to disproportionately affect any protected characteristic* adversely. The PSED has been duly considered and given the necessary regard, as expounded below.

Protected Characteristics *	Analysis	Impact
Age	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Disability	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral

Gender Reassignment	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Marriage or Civil Partnership	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Pregnancy and Maternity	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Race (Including colour, nationality and ethnic or national origin)	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Sexual Orientation	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Sex (gender)	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral
Religion or Belief	The proposal put forward will not likely have direct equality impacts on this target group.	Neutral

12. **Notification of Decision**

Are there any letters to be sent to applicant / agent with the decision? If so please specify:		NO
Are there any third parties to be informed of the decision? If so, please specify:		NO
Has there been a declaration of interest made on this application?		NO
