

Dear Mr Dawson,

I am a resident of Alresford and I am writing to request that Tendring District Council considers making a Tree Preservation Order (TPO) to protect the mature oak trees located on the boundary between the school and the adjacent residential area (including the St Andrews Close side).

These oaks are well over 150 years old and form a distinctive and valued feature of the village. They are clearly visible from several public viewpoints and over a wide area, including from Ford Lane and St Andrews Close, and they contribute strongly to the local character and streetscape.

I attach photographs showing the trees and their visibility from public areas. I have also copied in the Alresford Parish Council Chair and Clerk for awareness.

Please let me know if you need any further information (for example, a precise location plan, a site visit request, or any reference number to include).

With regards,

Gilbert Stoet
