In preparing, coordinating and prioritising its work programme each Overview and Scrutiny Committee will take into account:

At the Cabinet meeting held on 16 February 2018, the Portfolio Holder provided the following comments:-

In response to a) Officers have recently met with representatives from the Essex Partnership University Trust which provides the over 18 mental health service in Essex. Following on from that meeting, representatives from the Trust will be attending a future Community Safety Partnership Networking Meeting and this will provide an opportunity to consider how the Trust can further engage in partner activities being provided across Tendring including the Mental health Hub.

In response to b) some people with mental health issues are already referred to our Leisure facilities by their GPs through the Exercise Referral Scheme. Officers can explore with other agencies whether it would be possible to expand the routes by which such users are referred.

In response to c) a person who is vulnerable as a consequence of mental illness could be owed a duty of care with accommodation if they are homeless. Vulnerable in a homelessness context refers to the person's ability to cope with a homelessness situation. Not everyone with a mental illness will meet the vulnerability criteria as set out in legislation and case-law. In deciding if

someone is vulnerable as a result of mental illness, the Council seeks independent medical advice from a psychiatrist before making a decision. Mental illness is a “protected characteristic” under the Equality Act 2010 so the Council must have regard to this legislation when making decisions. If a person has accommodation but claims their mental health is suffering as a consequence of their living conditions, this is something that can be taken into account if they are on the housing register. The Council is also obliged under legislation to take account of any disability or vulnerability, including mental health, when undertaking any housing enforcement action

Having considered the Community Leadership and Partnerships Committee's recommendation and comment and comments made by the Health and Education Portfolio Holder, it was **RESOLVED** that the comments of the Portfolio Holder be noted and the actions identified be undertaken.
