License Application 18/00213/PremGR

Holland on Sea FC Dulwich Road, Holland on Sea.

Dear Sirs

We the undersigned wish to make it known that we do not support, its current format, the application for issue of an alcohol licence at the above premises. The club is situated in a very quiet residential area very close to people's homes. Previous events held at the club have caused considerable disruption with unacceptable noise level and drunken behaviour impacting on local residents until 3am as the open aspect of the field enables all noise to travel unobstructed along the full length of Lyndhurst Road and surrounding area. Calls to the police and local council asking for action to be taken were not acted upon.

To increase the probability of this occurring much more frequently is not appropriate and would have a detrimental effect on the quality of life of the residents in the surrounding area. We feel that a licence to sell alcohol 7 days a week until 2am Friday and Saturday and 1am on Sunday is neither acceptable or appropriate in a residential area.

We object in the strongest manner to the application

MR & MRS ALLEN

34 SEAFIELDS ROAD

HOLLAND ON SEA CO15 5HS

21-4-2018

Dear Sir,

We strongly object to the proposed
licencing hours at the new Holland Football
club and are appalled that all day
drinking, seven days a week, until 2AM
should even be considered.

Many residents are elderly and the noise
from traffic and revellers at all hours of
the day and night would be intolerable.

The club house is also next to a kiddies
play area and given they propose letting
it out to other venues, with strangers
allowed all day drinking, this surely poses
a serious risk to the children.

This is a quiet residential area totally
unsuitable for a night club, which is
obviously the intention
Yours faithfully

Mr & Mrs Allen

30 APR 2018

Dear Sir

It has recently been brought to my attention that Holland Football club has put in a planning application for a new club House.

I'm afraid that I strongly disagree with this planning, as it will be situated in a residential area, and it will not be convenient due to the hours of opening + possible loud noise.

from a concerned Resident

30 APR 2018

License Team

88-90 Pier Avenue

Clacton on Sea

To the License Team

I object to the application of alcohol and music licenses at the new Clubhouse of Holland Football Club

The Club should never be used as a Club open all hours to sell alcohol in such a quite residential area plus the volume of traffic that would entail

I object most strongly to this application

Holland on Sea resident

To whom ever this concerns.

I want to object to there being a license granted to the above Club. This has been a peaceful neighbourhood and many people have retired to this area to enjoy the tranquility.

The noise and commotion that granting a license to open all hours will have, will have a big affect on all people that live so near.

There will be the chance of damage and vandalism to happen to this nice area. People have spent a lot of money on property to live in this area because of the quietness. The value of properties will fall.

This will be a sad day for so many elderly people that have retired here for their peace and quite, replaced with loud music and rowdy drunk people leaving the club every evening and into the early hours.

Even neighbours who are not elderly hopes this application will fail.

If we wanted to move near to a social then we would not live here!

Regards

Subject: Holland Football Club - alcohol and music licences for their new club house

Dear Sirs,

I would like to object to the alcohol and music licences for the above club house as the area where it is a residential area for mostly elderly people, and I and my husband have not many years left until reaching retirement age we are at present still working. The hours that are being suggested for this Club house are outrageous. I would like to point out that this will be interfering with the present environment of this area and that the level of noise and disturbance to residents of the area will be unacceptable. I therefore disagree that alcohol and music licences should be approved with the opening hours that have been put forward. As a residential area the Clubhouse should be closing its door at 11 p.m at the very latest.

Yours
Dianne Bean

Subject: Objection

I wish to register my objection to the application by Holland Football Club for alcohol and music licences for their new clubhouse. I understand that they are applying for these licences up to 12 midnight Monday to Thursday, 2am Friday and Saturday and 1am Sunday, as a resident with only the playing field between my residence and the clubhouse, noise from the clubhouse music and from the club members would drift across the playing field at totally unsocial hours. I do not wish to be a spoilsport and have no objection to licences up to 11pm Monday to Saturday and 10pm Sunday

Dear Sir /Madam

Re music and alcohol license application

We wish to object to this application for the following reasons -

1. This is a residential area.
2. Noise and traffic will be increased, likely to cause a disturbance to residents.
3. The area is well served by Kingscliff Hotel which is nearby and licensed, and has function rooms.
4. The proposed licensing hours are excessive.

Yours faithfully

Jenny and David Binns

Dear Sir / Madam

Re. Licence App. - Holland Football
Club.

I object to this application as this constitutes a "night Club" in the middle of a residential area. This will increase the noise, disturbance, - cars parking, doors slamming, voices, antisocial behaviour in a quiet neighbourhood.

When the new properties were granted permission to be built at Gainsford Gardens and a new sports hall was part of the condition to give something back to the community due to loss of green/sports land there was no mention of a alcohol licence and all day opening ~~and~~ until the next morning.

This licence should not be granted.

Dear Sirs,

I am writing a comment here to register our objection to this Licensing application.

I ran out of characters and keep getting timed out of your "online comments section", so will write with an amount of brevity, albeit with a strength of feeling and conviction.

I would state, our reasons for objection:-

The applicant seems to have applied more for a nightclub license without regard to the surrounding neighbourhood or its residents.

Property will be devalued.

Property will be damaged.

Litter will be thrown/dropped around the roads and into residents gardens, at best.

Unsociable behaviour will ensue, and I fear for the safety of any resident and their property that may wish to challenge such people.

Loud arguments and fighting will break out due to the nature of people and alcohol.

The times of the license will allow alcohol and music inside, and unbelievably outside, into very unsociable hours - every night!. This in addition to the "light pollution" that residents will have to endure – Incidentally, I notice that the number of Floodlights is increasing from 4 to 6.

Late night drinkers and revellers will be drawn to this "nightspot" after their usual club/pub/bar has closed, because this will be the only "club/bar" open at that time of night or early hours of the morning.

Social events and other "Private" events will draw more vehicles than the 85 space car park will allow, thereby forcing others to park in nearby residential streets, which will not be able to handle the excess vehicles. Residents will not be able to gain access to their properties as the roads were not built to take such amount of traffic.

We would happily support the football club, but it sounds more like an application for a "nightclub" where the owners can make a profit at the expense (both financially and wellbeing) of the local residents.

It would be an outrage to allow such a license to be approved in the centre of an otherwise purely residential area, where generally people are in retirement status.

I therefore join my fellow neighbours in vehemently objecting to this license application.

Regards,

Mr & Mrs Bland.

23 April 2018

Dear Sir,

License Application. Holland Football Club. Dulwich Road

I am writing to object to the above numbered application.

Gainsford Gardens, and the immediate neighbourhood, is favoured by elderly/ retired people who enjoy the quiet and safety it affords.

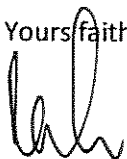

Indeed, the developers of Gainsford Gardens describe their development as being *"designed to meet the tastes, interests and aspirations of those aged 55 and over"*.

When formally opening the development, Cllr. Jayne Chapman Chairman of Tendring District Council; is quoted as saying *"the bungalows take into account ageing demographics, have social care in mind, and are the sort of home that, once you move in, it is a home for life."*

This application raises fear of nuisance from noise, light, traffic and possible anti-social behaviour, and to allow it would in my view fly in the face of the sentiments above, and be an affront to those of us who have placed reliance on those sentiments and chosen to invest our money, and our futures, to live here.

The application should not be allowed.

Yours faithfully,

R.L.Bone

**Opposition to the Application for Late Night Music
and Alcohol Licence at Holland Football Club.**

I, the undersigned, hereby oppose the Holland Football Club's pending application for an entertainment license, including late-night music and the sale of alcohol on and off the premises.

The original plans anticipated a clubhouse and changing rooms for children's football. Now, however, the plan is to establish what is essentially a late-night club, serving alcohol from 11am to 2am, and playing live music. The clubhouse is in a quiet residential area, surrounded by family homes. The noise and commotion of the proposed late-night club will undoubtedly travel and cause disturbance in the surrounding neighbourhood. The previous clubhouse was similarly disruptive on event nights. I do not believe that the request to the council has given consideration to the local residents, and I oppose the Holland Football Club's application for an entertainment license.

To: Licensing Section; Cllr. Joy Broderick; cllrcwinfield@tendringdc.gov.uk; Cllr. Kanagasundaram King
Subject: Holland Football Club application for alcohol and music licence

Our property in Third Avenue has been in family ownership for 40 years.

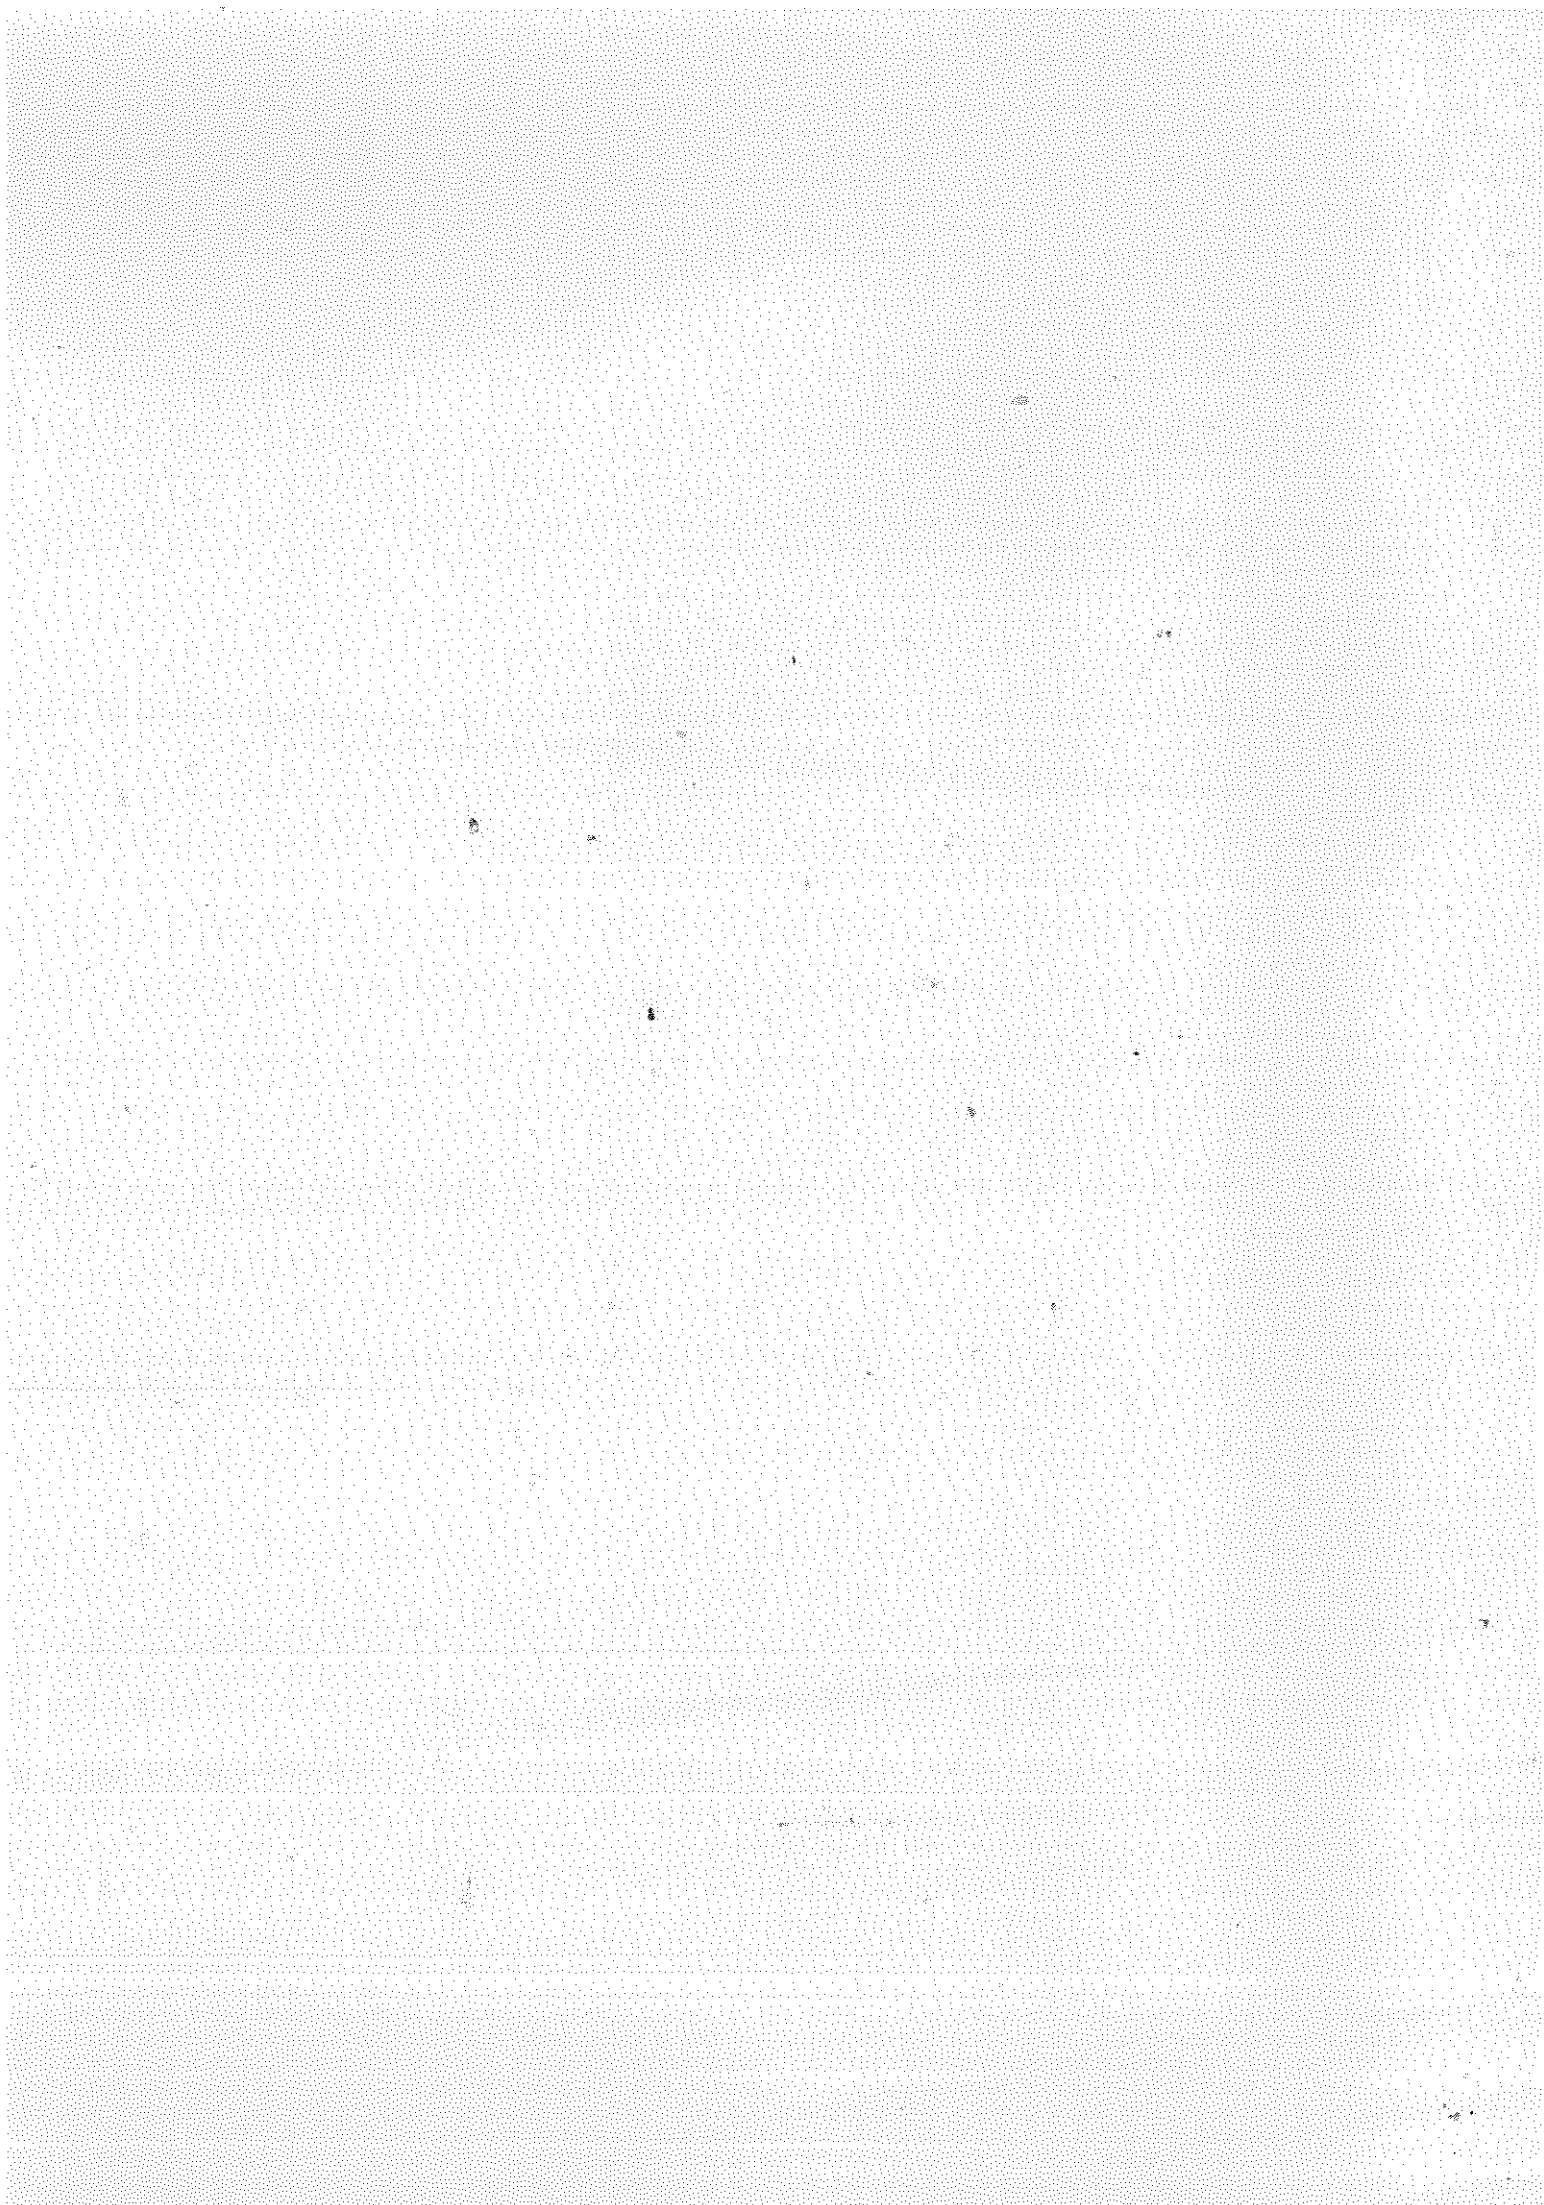

We wish to object to this application on the following grounds:-

- (1) The creation of a 'night club' within Holland Football Club Stadium is entirely unsuitable in an established residential area and the Gainsford housing development.
- (2) The hours proposed for the music and liquor licence are excessive within a residential area. I have experience of organising dances for a social club and the terms of conditions of hire require the music to terminate at 11p.m. when using school halls and in the case of Council public places of entertainment the event must end at 12 midnight which is strictly adhered to. This is to provide a balance between the need for people to enjoy a social gathering and the concerns of local residents about noise and anti social behaviour.
- (3) The application provides for all day music and alcohol seven days a week in close proximity to the children's playground on the Eastcliff sports field which is entirely inappropriate.
- (4) The application would appear to be a flagrant commercial venture worlds away from the original purpose of providing football facilities for Clacton's Youth on a much valued green space in this part of Clacton.

Would you kindly acknowledge receipt of our objection and be sure to inform us of the Council's deliberations in the matter.

Thank you

Victor Bramwell

Holland FC club house LICENCE OBJECTION 18/00213/Premgr

History of old club House since 2007

The TDC councillors for Holland on Sea have for approximately ten years received a catalogue of complaints about the Holland FC **old** club house bar and music activity in a residential area. A petition was gathered and a meeting took place on the field between local residents and ex licensing officer Mr Toomey. Despite protests from residents at the meeting a licence for music and alcohol was granted. It was however, on the assurance that the club would be monitored by the council, this did not happen.

Can you imagine the reaction of the residents now who have just heard that a new application has been put forward for new licensing hours as follows:-

Monday to Thursday	10 am to 12 am	14 hours
Friday to Saturday	11 am to 2 am	15 hours
Sunday	10 am to 1 am	13 hours

We therefore object on behalf of local residents for the following reasons:-

1 **Negative impact on home owners in** Lyndhurt Rd, Dulwich Rd, Hazelemere Rd, Madeira Rd and Gainsford Avenue, and the wider community. These Residents are mainly retired, elderly, frail, sick and house bound, these people chose **not** to buy a home in the vicinity of a bar and dance Venue. For this council, who own this new clubhouse to once again, approve this licence application would conflict with the Council's motto ***for the good of all.***

2 Parking and traffic issues

All sea front side roads have parking restrictions because the roads are very narrow. The policing of these roads should be done by Colchester Parking Services who despite repeated requests, don't do the job. We have asked the club management to request that their members and visitors use the large FREE car park at Hazelmere Rd a five minute walk away, but they ignore the request. If this larger club house is issued with

these licences the traffic issues will be absolutely intolerable.

The long suffering residents respectively request that their objections are upheld.

The clubhouse was built with a 106 money agreement attached to the new clubhouse as part of the planning application for 54 bungalows in Gainsford Avenue. The prospective new owners it appears are unaware that they will have a noisy clubhouse in their back yard. The properties are now being marketed by Blake & Thickbroom Estate Agents. These agents are the same company who provided a reference to the Holland FC big society funding applicant Mark Sorrell. Mark Sorrell has been awarded funding of £17k, from the TDC big society fund, £20k from ECC, CIF and £93k from the Football Association (£130k in all). Blake & Thickbroom are aware that, if Holland FC go up to a higher league, disturbances in this area will increase due to the need for more memberships.

Blake and Thickbroom the company marketing the 54 bungalows in Gainsford Avenue (attached to the planning application and 106 agreement) are allegedly not mentioning to prospective buyers that there will be a clubhouse that will be used as a social venue next door to the homes.

In Summary

We appreciate that there is nothing the licensing committee can do about the football activity, but you can restore residents' confidence in local democracy and refuse these licensing applications.

Good afternoon.

As residents in Eastcliff Ave, Clacton on Sea, we were surprised to hear this afternoon by word of mouth that Holland Sports Association, Dulwich Road, Holland On Sea CO15 5HP has applied for alcohol and music licences for their new clubhouse.

We wish to register our objection to these applications on the grounds that the premises are located in the heart of a housing area, predominantly with retired residents, both new and established, and the proposals would threaten residents right to a peaceful environment.

Traffic will dramatically increase even further, as will parking in the area. Foul language from both players and supporters already blights the neighborhood at weekends, as does the occasional urinating in public. Not really conjusive with the friendly holiday environment Clacton wishes to promote.

These proposals, in particular the music, are completely at odds with the existing housing enviroment and will have a serious impact on the well-being of residents, not only nearby but also in the wider area.

To whom it may concern,

Re: Proposed Premises Licence - Holland F.C.

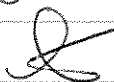

I am quite appalled to hear a local, nearby club has applied for a 2am late night music licence!

This is a community made up of mostly older people who have moved here for a peaceful life and this will greatly disturb that peace. Also, there are a number of families with children that may not be able to sleep through this noise.

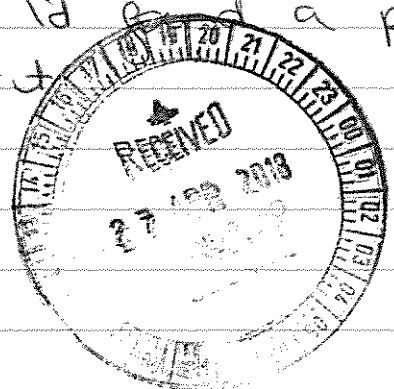

I, also think it will attract the 'wrong type' of people to the area to join the club - Clacton already has a drug problem, we do not want that here!

For a personal view, I have only just moved here and thought I'd found a perfect spot - please don't spoil it!

Yours truly

Lita Bryan.

We are sending this email in response to the above licensing hours. We object to the issue of the license for the following reasons:-

Music being played late at night.
Antisocial behavior.
Extra traffic.

This club is in the middle of a residential area where most of the residents are elderly and are in poor health.

There is a children's playground in this field. It is a bad idea to have alcohol around children.

The residents in this area are unaware of the club applying for a drink and music license. Local residents are under the impression that only changing room facilities were being erected, not a clubhouse.

It is bad enough in our road when football is being played due to the fact that people park there cars erratically in our road, so how much worse will it be in the future. If this license is granted.

Please give us the residents some thought.

Sent: 03 May 2018 17:40
To: Licensing Section
Subject: Holland Football Club application for alcohol and music licences

Dear Sir/Madam,

I have recently been advised that Holland Football Club have applied for an alcohol and music licence for their new club house and that the opening hours for the 500 seater new stadium and club house are to be between 13 to 15 hours per day, including Saturday and Sunday.

As local residents of 8 Norwood Avenue my husband and I wish to object to the licences application for the following reasons:-

Increased volume of traffic, resultant noise and parking problems, damage to grass verges etc. throughout the day and into the early hours of the morning.

Placing a night spot into the middle of a very quiet, residential area. I understand it will also be used for events such as wedding receptions and functions, selling alcohol and playing music all day long and into the early hours of the morning.

We already have other under-used licenced venues/pubs in the area that can be utilised.

We have lived here for 12 years and in this time have seen traffic, parking and noise volumes increase around Holland Road and surrounding roads, including ours.

We have seen the new build in Abigail Gardens and just recently the new build in Gainsborough Gardens so the number of residential properties have increased.

We have the right to continue to live in a pleasant and peaceful environment without the additional noise and light pollution and disturbance of the peace that this will undoubtedly bring.

We are also concerned that by introducing a licenced and music venue in the centre of a now highly populated residential area it may have an adverse impact on the value of our home that we have worked hard to maintain.

We therefore are submitting our objection to this proposal and urge you to consider the feelings of the local residents, many of whom are of retirement age.

Yours

Mr and Mrs J Burrows

Dear TDC, I can't support the license application fully.

There is nothing worse than young children and adults being exposed to adults standing on the sideline with a beer in one hand and a cigarette in the other.

All alcohol and smoking should be banned on the sideline and only take place after a game and away from children and young adults.

I've seen cans and cigarette butts discarded on the pitch and it looks awful. People need to have respect for the sport and for the young people and adults playing the game.

Alcohol attracts the wrong type of sense of community which is a shame but sadly it's true. The young players look up to the club's role models and I don't want my sons aspiring to be footballers who smoke and drink. I want them to enjoy sport and be athletes who respect the opportunity they've been given to play.

That's not to say that the club shouldn't sell alcohol.

Is there a way you can allow the sale of alcohol but ONLY at restricted times and only to be drunk in the proximity of the club; not near the pitches and swap glass and cans for plastic cups or Holland on sea FC cups or flasks that receive a payment on return?

The recreation site should be about sport not giving low income families somewhere to get drink with their kids in tow.

I wish my name to be kept anonymous.

Yours sincerely,

Georgina Button

3 May 2018

Dear Sirs,

I write to oppose the application by the Holland Football Club for the alcohol and music licence at the club house.

My reasons for objecting are:-

(1) The location is close to a childrens play area and the hours applied for could create an environment

(2)

totally unsuitable for young children.

(2) The disturbance and distress that could be caused to residents by late night functions is also a matter of considerable concern.

(3) The facility and accommodation for social functions are available at three licensed premises within an area near to the football club and any reduction in business could result in job losses to staff.

(3)

I therefore ask you to
reject the application

Yours faithfully,

B Clark

Reasons for comment:

- Breach of one or more Licensing Objs
- Noise Disturbance
- Opening Hours
- Public Nuisance
- Traffic

Comments: 1:21 PM on 01 May 2018 We object to the licensing application by Holland Football Club in the strongest possible terms. The Club House is clearly adjacent to housing developments including the prestigious Gainsford Gardens development. In its own policy TDC accepts that licensed premises have a significant potential to impact adversely on communities through public nuisances and this is certainly the case for music/dance/alcohol. The application would lead to an unacceptable level of noise and travel and public disturbance for a significant number of neighbours. It is interesting that in the application the Type of Premises is described as a PUB and members are not mentioned - public access? The area close to the club house is where a significant number of retired people chose to live. We were hoping for peace and quiet in our retirement and not have to bear the noise and disruption of a nearby 'night club'.

You may remember that in 2015 the original proposals for the site received a significant number of objections and these generally related to the so called football stadium. Fortunately the plans were scaled back after discussions with Tendring District Council. I understand TDC still own the pitches so I hope you will continue to see the wishes of residents as your top priority and not allow the original aspirations of HFC to return by stealth. Basically we ask TDC to operate its own policy in ensuring the maintenance and protection of the amenity of residents from the consequences of licensed premises. Perhaps the Human Rights Act is appropriate in that "every person is entitled to the peaceful enjoyment of his/her premises." This application is at odds with that.

Dear Sir

My wife and I would like to register our objection to the application of an alcohol and music license by Holland Football Club.

We live on Gainsford Gardens having moved here to a bungalow from the other side of Clacton to retire.

We chose this area as it is nice and quiet and close to the seafront.

We feel that this application will create a lot of noise especially on the late nights of Friday and Saturday.

Also there will be extra traffic not to mention the adverse affect on house prices.

We hope you will take this email into consideration when making your decision.

Thank you

Trevor and Janet Cole

- Noise Disturbance
- Opening Hours
- Parking
Comments: 3:46 PM on 30 Apr 2018 1. In the past we have had

noise and disturbance from the music and when people and cars leave, this will be worse with extended hours.

2. People attending functions do not always use the car park and park in the surrounding streets outside our properties creating disturbance when leaving.
3. The car park has now been surfaced with loose stone, without the necessary Planning Permission. This will create even more noise when people and vehicles leave.
4. The Noise and Nuisance Action Plan states the exit road is tarmaced to reduce tyre noise, this only relates to a very small section of road with as stated above the whole of the parking area covered in loose noisy stone.

Subject: Entertainment and alcohol licence application by Holland FC

Dear Sir,

I wish to raise an objection to this application. The club house is located in a residential area and the licensing hours applied for are inappropriate in such an area. The late night playing of loud music and sale of alcohol will lead to rowdiness and drunkenness, which will cause considerable disturbance to local residents. There is already inconvenience and disturbance caused by the inconsiderate parking of some attending matches and other events at the club. I suggest that the following licensing hours would be more appropriate:-

Monday to Thursday 11am to 11pm
Friday and Saturday 11am to midnight
Sunday 12 noon to 11pm.

I trust that my views will be given due consideration when you debate this application.

Yours sincerely,

John Coupland

Dear Sir/Madam

I am absolutely furious as are my neighbours concerning this absurd application which we see as a flagrant disregard of our right to live in a peaceful environment. We did not choose to live next to or near a public house, let alone a venue for social functions. We object very strongly to this license for the following reason:-

- * The license will allow the club to sell alcohol every day all day long. It will be used for events such as weddings etc. We did not retire here to live next door to a night spot;
- * The volume of traffic will dramatically increase and extend into the evenings;
- * It is not right to have a night spot in the middle of a residential area.

Subject: Alcohol licence application for Holland football club premises, Dulwich Road

We are writing to object to the licensing request for the above premises on the following grounds:

Very concerned as to why a football club that is supposed to be providing playing facilities and support to young people in a sports environment need a drinks licence until 2.00am.
The licence times requested indicate those of a pub/nightclub not a football club with changing facilities.

Potential noise and disturbance of cars/people leaving the club in the early hours of the morning. Dulwich Road is a very quiet residential area and every vehicle leaving the club premises has to enter Dulwich Road and pass by local properties to leave the vicinity whatever direction they ultimately follow.

The football club building is extremely close to local properties and the potential general noise related to music and visitors coming to and from the venue could cause disturbance to residents at any time from mid morning to the early hours of the following day, seven days a week.

**Opposition to the Application for Late Night Music
and Alcohol Licence at Holland Football Club.**

I, the undersigned, hereby oppose the Holland Football Club's pending application for an entertainment license, including late-night music and the sale of alcohol on and off the premises.

The original plans anticipated a clubhouse and changing rooms for children's football. Now, however, the plan is to establish what is essentially a late-night club, serving alcohol from 11am to 2am, and playing live music. The clubhouse is in a quiet residential area, surrounded by family homes. The noise and commotion of the proposed late-night club will undoubtedly travel and cause disturbance in the surrounding neighbourhood. The previous clubhouse was similarly disruptive on event nights. I do not believe that the request to the council has given consideration to the local residents, and I oppose the Holland Football Club's application for an entertainment license.

Dear Sirs,

Re: Holland Football Club's Alcohol and Music Licences Application

We object to the above application on the following grounds:

The club house, being surrounded by a heavily developed residential area, is unsuitable for what would in effect be a drinking club/disco. The sound of music travels long distances at night and would be a very considerable disturbance, particularly after 11pm, for residents and their children living in a quiet neighbourhood such as Holland-on-Sea. As you will be aware from the number of complaints regarding loud night-time music received by councils, noise pollution is a national grievance. Those given the task of deciding what is acceptable should consider the level they themselves and their families could comfortably live with during the small hours on a regular basis.

Another national grievance is the noise made by revellers when leaving a drinking establishment – shouted farewells, the slamming of car doors and revving engines. There is no reason to believe that those attending events at Holland Football Club would behave differently, particularly after long drinking periods up to 2am. when most people living in the area would be in bed.

The licences, if approved, would also have the effect of increasing the number of vehicles using local residential roads, again a potential unwelcome noise source.

And then there is the question of homes being devalued by the introduction of such an out of character activity to the area. Members of planning committees are expected to maintain the character of an area when deciding applications, the same criteria should apply to applications such as alcohol and music licences.

And it should also be borne in mind that if this application is successful the beneficiaries, financial or otherwise, will not be the residents living in the surrounding area.

Yours sincerely,

John & Julie Deadman (Mr. & Mrs.).

To: Michael Cook
Subject: Re: Holland FC

Hi Michael

Thank you for supplying the additional information in relation to the premises licence application submitted by Holland FC (Ref: 18/00213/PREMGR).

Having had the opportunity to review the operating schedule submitted by the applicant I wish to submit a representation. I am concerned by the lack of detail provided and that advice to applicants offered in Tendring District Council's Statement of Licensing Policy appears to have been disregarded. There does not appear to be appropriate evidence submitted by the applicant regarding control measures that will be in effect based upon risk assessments they have undertaken to promote the licensing objectives or consideration for any additional measures that may be required for events or Temporary Event Notices.

The applicant has also asked for all licensable activities to occur indoors and outdoors but there is no clarification of the boundaries of any outside areas to give context to the potential impact on local residents and the licensing objectives.

In relation to the licensing objectives my concerns are mainly that whilst some control measures have been proposed the licensing objectives do not appear to have been fully considered and some appear aspirational. Without thorough risk assessments I fail to see how the premises can promote the licensing objectives to the best of their ability.

The Prevention of Crime and Disorder

The applicant has offered that drunk individuals' will be asked to leave the premises and announcements will be made requesting customers to leave in an orderly manner. There is no mention of staff training or whether staff other than the DPS will hold a personal licence, the adoption of best practice policies (such as Drugs and Pubs, Portman Group etc), the use of CCTV for crime prevention or evidential purposes, whether SIA licensed door supervisors will be used at peak times or for events, lighting for outside areas etc. Without proper control measures in place there is the risk of elevated crime levels and anti social behaviour at the premises.

Public Safety

The applicant has offered that fire exits will be clearly marked and will be checked to ensure they are unobstructed. There is no information about what risk assessments the applicant has undertaken in relation to public safety and whether consideration has been given for example to the use of plastic glasses to avoid cut feet or to prevent glass entering the clubs football pitches and nearby children's playground, staff numbers for events and the training they have undertaken, CCTV, etc. Fire exits are one

element of public safety and the applicant has not demonstrated that they have thought about the wider implications of the operation of their premises which puts the public at risk.

The Prevention of Public Nuisance

There is no reference to the applicant having considered the advice within the document “Licensed Premises: Public Nuisance Control, Environmental Health Guidance for Licensees” or Tendring District Council’s own Statement of Licensing Policy in that nuisance for licensed premises is taken in it’s widest sense and so needs to be addressed within the operating schedule. So whilst the applicant does acknowledge that customers will be asked to respect neighbours when leaving the premises there’s no input regarding management of music noise, proximity of residential properties, taxi’s collecting customers, smells from providing late night refreshment, litter, how any external smoking areas will be managed. The club premises certificate for Holland FC had a condition relating to the closure of external windows and doors after 22:00 so that regulated entertainment was not audible at the boundaries of surrounding residential properties. This could have been offered as a voluntary condition and viable control measure for the new premises.

The Protection of Children from Harm

Again similar to the other licensing objectives no reference is made to existing guidance documents such as the Safer Seafront guidance around CSE or the Football Association’s own safeguarding policies that may have adequate measures in place to promote this licensing objective. There is no reference to staff training, refusals logs, the use of challenge 25, what photo identification will be accepted, and how staff will address the issue of visiting teams and supporters and ensuring that children aren’t supplied alcohol or exposed to harmful behaviour. As mentioned above there is a children’s play area in close proximity to the premises which the applicant has failed to take into consideration. So whilst there are some control measures offered, and I appreciate an age verification policy is a mandatory condition, there is no further detail on how the applicant will meet this objective.

To summarise I recognise the importance of a diverse range of licensed premise but I believe the applicant has failed to adequately address how they will promote the four licensing objectives as they propose to change from a club premises certificate with modest hours to a premises licence with a significant increase in hours for licensable activities. As the application currently stands the hours requested for licensable activities and associated opening hours are not appropriate for a residential area.

Due to the nature of my work I would be grateful if my email address and home address were not published in any documents or reports relating to this application.

Kind Regards

Jason Dean

26 APR 2018

"Cramond",
11, Melrose Gardens,
Clacton,
CO15 5BG.
24.4.18.

Sirs,

License Team, Pier Avenue.

I strongly object to the application by Holland Football Club for licenses to be granted for the selling and serving of alcohol and the playing of music at their Club House on the Gainsford Avenue site.

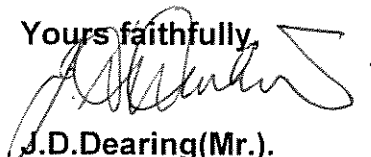

This a residential area, and as the estate agents say, 'a desirable area to live' and although I supported the initial plan to incorporate a playing field area on the site, there was no indication that part of the deal was for the serving of alcohol & playng of music – this has come out of the blue and is a complete shock.

It will have an adverse affect on the quality of life in this area, property values will be reduced and noise levels will be intolerable. (I imagine people that have recently bought 'new builds' on the Gainsford development are very unhappy).Further, the licensing times requested. Starting Mid Morning to midnight , Mondays to Thursday, 2 a.m. on Saturdays and 1 a.m. on Sundays cannot be acceptable in any shape or form. Further there is the question of increased traffic and parking, and will there be coaches needing to enter the area? This is an enjoyable place to live,and I am sure all residents will want to maintain their quality of life.

It may be felt that the noise pollution will not be a big problem, however in the summer, windows open, I can hear the music from the pier area!

No this application by the Holland Football Club is completely unacceptable, and I register my objection most strongly.

Yours faithfully,

J.D.Dearing(Mr.).

(Copy to Councillor Joy Broderick).

Comments: 3:02 PM on 24 Apr 2018 This application for alcohol sales and music performance licences is wholly inappropriate for the residential area where this football club is located.
Local residents, many but not all of whom are elderly, should not be expected to tolerate what amounts to a

new entertainment venue on their doorsteps when they are only living nearby to a small local football club. The opening hours requested are greatly in excess of what even an ordinary Public House is permitted without the application of temporary events notices. This application and the extended opening hours requested is what one might expect from a night club not a football club and as these premises are within a densely populated residential area a whole new level of disturbance and disruption for local council tax payers is guaranteed if the application is permitted. A commercial venture such as this should not under any circumstances be permitted to have such a negative impact on the lives of so many people.

We wish to lodge a Representation concerning an application made by the above. The information we have is that a License has been applied for by the above as mentioned below:~

Mondays to Thursdays	10am to 12am
Friday and Saturday	11am to 2am
Sundays	10am to 1am

We strongly feel that these hours are both unreasonable and detrimental to this area. There are working families with children as well as pensioners (like ourselves) in and around where we live. Both my husband and I are in our mid seventies, a lot of the more elderly residents in this area have health issues, for example;~ My husband has a Heart trouble and I suffer from Migraine Headaches also in the past 18 months both of us have been treated for Cancer and are still having regular check ups at Colchester and Clacton Hospitals. therefore the peace and quiet we get in this area we really appreciate. We understand that there will have to be soundproofing to the club house, but when windows and doors are open (which from previous experience we know will happen) the noise will be horrendous, and as people find out about the noise etc. we are very unlikely to be able to sell our properties at a reasonable price if the need arises for us to go into a home in later life. We have already heard of one person who was thinking of moving to this area and after reading the notice that has gone up told the Estate Agent NO WAY.

Ref.Holland FC Premises Licences Application

Dear Sirs,

I live near to the new club house of Holland Football Club and have seen that an application for a Premises Licence is being made to allow music to be played and alcohol to be sold every day of the week and for exceedingly long and late hours.

Monday to Thursday:	10am – 12 midnight	14 hours
Friday to Saturday:	11am – 2am	15 hours
Sunday	10am – 1am	13 hours

This is something that I object to in the strongest possible terms. I feel that if this licence was to be granted, then I and the neighbourhood would suffer from noise, disturbance and anti-social behaviour because of the noise from events and customers arriving/leaving.

As a resident of Norwood Avenue for 34 years I am well aware of how noise travels from the area of the clubhouse and playing fields. For example when football and cricket matches are played I have often heard loud cheering and also excessive bad language being used by players and spectators. While this can be tolerated in a residential area on infrequent occasions loud music and intoxicated behaviour every day of the week is not a prospect to be considered.

As to the use of the premises for weddings and other events - anyone wishing to attend an event would need to do so by foot or their own vehicle/taxi as there is no public transport that passes close to this area. This in itself will cause significant disturbance. The whole area surrounding the club house is normally very quiet and in particular any arrivals or departures will cause a disturbance during the daytime hours and especially late evening and the early hours of the morning.

The use of Holland Football Club House as a venue for late night entertainment or functions during the day is not an appropriate one because of the character of the area. We have a right to a peaceful environment. The granting of this license would be a flagrant disregard of our rights.

Yours faithfully

J M Durrant
