TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 18/00598/FUL

DATE REGISTERED: 16th April 2018

Proposed Development and Location of the Land:

**Proposed erection of 9 bungalows with associated parking facilities, served via improvements to and an extension of the existing private drive.
Foots Farm Thorpe Road Clacton On Sea Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

- 2 No development shall take place until there has been submitted to and approved, in writing, by the Local Planning Authority a scheme of hard and soft landscaping works for the site, which shall include any proposed changes in ground levels and also accurately identify spread, girth and species of all existing trees, shrubs and hedgerows on the site and indicate any to be retained, together with measures for their protection which shall comply with the recommendations set out in the British Standards Institute publication "BS 5837:2012 Trees in relation to design, demolition and construction."

Reason - In the interest of visual amenity and the character of the area.

- 3 All changes in ground levels, hard landscaping, planting, seeding or turfing shown on the approved landscaping details shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason - In the interest of visual amenity and the character of the area.

- 4 Prior to occupation of the development the vehicular parking and turning facilities, as

shown on the submitted plan, shall be constructed, surfaced and maintained free from obstruction within the site at all times for that sole purpose.

Reason - To ensure that vehicles can enter and leave the highway in a forward gear in the interest of highway safety.

- 5 No unbound material shall be used in the surface treatment of the vehicular access within 6 metres of the highway boundary.

Reason - To avoid displacement of loose material onto the highway in the interests of highway safety.

- 6 Prior to the first occupation of the development, the proposed private drive shall be constructed to a width of 6 metres for at least the first 6 metres within the site, tapering one-sided over the next 6 metres to any lesser width and provided with an appropriate dropped kerb crossing of the footway to the satisfaction of the Local Planning Authority.

Reason - To ensure that vehicles can enter and leave the highway in a controlled manner and to ensure that opposing vehicles can pass clear of the limits of the highway, in the interests of highway safety.

- 7 All new driveways and parking areas shall be made of porous materials, or provision shall be made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the dwelling.

Reason - In the interests of sustainable development and to ensure that run-off water is avoided to minimise the risk of surface water flooding.

- 8 Prior to the first occupation of the development, a 500mm wide overhang strip shall be provided adjacent to the carriageway as shown on the approved plans unless otherwise agreed, in writing, by the Local Planning Authority.

Reason - To ensure that adequate clearance for vehicles swept paths is provided in the interests of highway safety.

- 9 Prior to occupation of the development, the access on Thorpe Road at its centre line shall be provided with a clear to ground visibility splay with dimensions of 2.4 metres by the site maximum in both directions, as measured from and along the nearside edge of the carriageway. Such vehicular visibility splays shall be provided before the access is first used by vehicular traffic and retained free of any obstruction at all times.

Reason - To provide adequate inter-visibility between vehicles using the access and those in the existing public highway in the interest of highway safety.

- 10 Notwithstanding the provisions of Article 3, Schedule 2 Part 1 Classes B and C of the Town and Country Planning (General Permitted Development) (England) Order 2015 (or any Order revoking and re-enacting that Order with or without modification), there shall be no roof additions to the bungalows situated on plots 1-6 inclusive except in accordance with drawings showing the design and siting of such additions or building(s) which shall previously have been submitted to and approved, in writing, by the Local Planning Authority.

Reason - It is necessary for the Local Planning Authority to be able to consider and control further development in order to ensure that the impact upon surrounding residents is not harmed.

- 11 Before any development commences a detailed ecological enhancement scheme (including the provision of bird and bat boxes within the site) shall be submitted to and approved in writing by the Local Planning Authority. The scheme, which shall include a timetable for its implementation, shall be implemented in accordance with the approved works before occupation of the hereby approved development.

Reason - To preserve and enhance the biodiversity of the site.

- 12 No development shall take place, including any ground works or demolition, until a Construction Method Statement has been submitted to, and approved in writing by, the Local Planning Authority. The approved Construction Method Statement shall be adhered to throughout the construction period.

The Construction Method Statement shall provide for:

1. the parking of vehicles of site operatives and visitors
2. loading and unloading of plant and materials
3. storage of plant and materials used in constructing the development
4. wheel and underbody washing facilities

Reason - In the interests of residential amenity and highway safety.

- 13 Prior to occupation of the proposed development, the Developer shall be responsible for the provision and implementation of a Residential Travel Information Pack for sustainable transport approved by Essex County Council, to include six one day travel vouchers for use with the relevant local public transport operator.

Reason - In the interests of reducing the need to travel by car and promoting sustainable development and transport.

- 14 Prior to occupation the footway link to the existing footpath facilities south of the site shall be provided entirely at the Developer's expense.

Reason - To make adequate provision within the highway for the additional pedestrian traffic generated within the highway as a result of the proposed development.

- 15 The tree protection measures outlined on approved drawing no. TPSarb8180218 TSCP shall be adhered to at all times during the construction phase.

Reason - To ensure the protection of those mature trees located within the woodland area the rear of the site, in the interests of visual amenity.

- 16 The development hereby permitted shall be carried out in accordance with the following approved plans: 1816/1 Revision A, 1816/2 Revision A, 1816/3, 1816/4, 1816/5, 1816/6, 1816/7 and the document titled 'Materials Schedule'.

Reason - For the avoidance of doubt and in the interests of proper planning.

DATED: 11th June 2018

SIGNED:

Catherine Bicknell

Catherine Bicknell
Head of Planning

IMPORTANT INFORMATION :-

The local planning authority considers that the following policies and proposals in the development plan are relevant to the above decision:

- NPPF National Planning Policy Framework
- National Planning Practice Guidance
- Tendring District Local Plan 2007
- QL1 Spatial Strategy
- QL9 Design of New Development
- QL10 Designing New Development to Meet Functional Needs
- QL11 Environmental Impacts and Compatibility of Uses
- HG1 Housing Provision
- HG9 Private Amenity Space
- HG14 Side Isolation
- EN1 Landscape Character
- EN6 Biodiversity
- EN6A Protected Species
- TR1A Development Affecting Highways
- TR7 Vehicle Parking at New Development
- Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017)
- SPL1 Managing Growth
- SPL3 Sustainable Design
- LP3 Housing Density and Standards
- LP4 Housing Layout
- PPL3 The Rural Landscape
- PPL4 Biodiversity and Geodiversity
- CP1 Sustainable Transport and Accessibility
- Local Planning Guidance
- Essex County Council Car Parking Standards - Design and Good Practice

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Highway Works - All work within or affecting the highway is to be laid out and constructed by prior arrangement with, and to the requirements and satisfaction of, the Highway Authority, details to be agreed before the commencement of works.

The applicants should be advised to contact the Development Management Team by email at development.management@essexhighways.org or by post to:

- Essex Highways, Colchester Highways Depot, 653, The Crescent, Colchester Business Park, Colchester CO49YQ

Cost of Works - The Highway Authority cannot accept any liability for costs associated with a developer's improvement. This includes design check safety audits, site supervision, commuted sums for maintenance and any potential claims under Part 1 and Part 2 of the Land Compensation Act 1973. To protect the Highway Authority against such compensation claims a cash deposit or bond may be required.

Site Workers - Steps should be taken to ensure that the Developer provides sufficient turning and off loading facilities for delivery vehicles, within the limits of the site together with an adequate parking area for those employed in developing the site.

Environmental Protection Informative

Noise Control

- 1) The use of barriers to mitigate the impact of noisy operations will be used where possible. This may include the retention of part(s) of the original buildings during the demolition process to act in this capacity.
- 2) No vehicle connected with the works to arrive on site before 07:30 or leave after 19:00 (except in the case of emergency). Working hours to be restricted between 08:00 and 18:00 Monday to Friday. 0800-1300 on Saturdays with no working of any kind permitted on Sundays or any Public/Bank Holidays.
- 3) The selection and use of machinery to operate on site, and working practices to be adopted will, as a minimum requirement, be compliant with the standards laid out in British Standard 5228:1984.
- 4) Mobile plant to be resident on site during extended works shall be fitted with non-audible reversing alarms (subject to HSE agreement).
- 5) Prior to the commencement of any piling works which may be necessary, a full method statement shall be agreed in writing with the Planning Authority (in consultation with Pollution and Environmental Control). This will contain a rationale for the piling method chosen and details of the techniques to be employed which minimise noise and vibration to nearby residents.
- 6) If there is a requirement to work outside of the recommended hours the applicant or contractor must submit a request in writing for approval by Pollution and Environmental Control prior to the commencement of works.

Emission Control

- 1) All waste arising from the demolition process, ground clearance and construction processes to be recycled or removed from the site subject to agreement with the Local Planning Authority and other relevant agencies.
- 2) No materials produced as a result of the site development or clearance shall be burned on site. All reasonable steps, including damping down site roads, shall be taken to minimise dust and litter emissions from the site whilst works of construction and demolition are in progress.
- 3) All bulk carrying vehicles accessing the site shall be suitably sheeted to prevent nuisance from dust in transit.

Lighting control

- 1) Any lighting of the site under development shall be located, designed and directed [or screened] so that it does not cause avoidable intrusion to adjacent residential properties/constitute a traffic hazard/cause unnecessary light pollution outside the site boundary. "Avoidable intrusion" means contrary to the Code of Practice for the Reduction of Light Pollution issued by the Institute of Lighting Professionals.

Adherence to the above will significantly reduce the likelihood of public complaint and potential enforcement action by Pollution and Environmental Control. The condition gives the best practice for Demolition and Construction sites. Failure to follow them may result in enforcement action under nuisance legislation (Environmental Protection Act 1990), or the imposition of controls on working hours (Control of Pollution Act 1974)

The condition relating to the footpath link (Condition 14) requires a Legal Agreement between the Applicant/Developer and the Highway Authority using the powers in Section 278 of the Highways Act, 1980.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by the Secretary of State.

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
