TOWN AND COUNTRY PLANNING ACT 1990

APPLICATION NO: 18/00603/FUL **DATE REGISTERED:** 17th April 2018

Proposed Development and Location of the Land:

**Erection of five bungalows (following demolition of existing church).
All Souls Catholic Church Brighton Road Holland On Sea Essex**

THE TENDRING DISTRICT COUNCIL AS LOCAL PLANNING AUTHORITY **HEREBY GRANT PLANNING PERMISSION** in accordance with the application form, supporting documents and plans submitted, subject to the following conditions;

- 1 The development hereby permitted shall be begun before the expiration of three years from the date of this permission.

Reason - To comply with the requirements of Section 91 of the Town and Country Planning Act 1990, as amended by the Planning and Compulsory Purchase Act 2004.

- 2 The development hereby permitted shall be carried out in accordance with the following approved plans/information: Location Plan, Materials Schedule, Proposed Site Layout received 07/06/18, Proposed Fence Layout received 07/06/18, Landscaping Scheme received 07/06/18, Method Statement Plan received 07/06/18, Floor Plan for Plots 1 and 3, Floor Plan for Plot 2, Floor Plan for Plot 4, Floor Plan for Plot 5 received 07/06/18, Elevations for Plots 1 and 3, Elevations for Plot 2, Elevations for Plot 4, and Elevations for Plot 5 received 07/06/18.

Reason - For the avoidance of doubt and in the interests of proper planning.

- 3 The construction materials to be used shall be as detailed on the submitted Materials Schedule, unless otherwise agreed in writing by the Local Planning Authority.

Reason - To ensure a satisfactory appearance to the development in the interests of visual amenity.

- 4 The garage to Plot 5 and parking spaces to all plots, as shown on Proposed Site Layout received 07/06/18, shall be provided prior to occupation of the hereby approved dwellings and shall be retained for the purposes of vehicle parking in perpetuity.

Reason - To ensure adequate space for parking off the highway is provided in the interest of highway safety.

- 5 The existing northern access to the site as shown on the Location Plan shall be permanently closed, in a manner to have been previously approved in writing by the Local Planning Authority prior to occupation of any of the hereby approved dwellings.

Reason - To remove unnecessary points of access to the public highway in the interests of highway safety.

- 6 No unbound material shall be used in the surface treatment of the vehicular access within 6 metres of the highway boundary.

Reason - To avoid displacement of loose material onto the highway in the interests of highway safety.

- 7 The parking, loading, unloading, wheel cleaning and material storage areas shown on the Method Statement Plan received 07/06/18 shall be provided prior to commencement of development including demolition and shall be retained for the duration of the demolition and construction periods.

Reason - In the interests of highway safety and convenience.

- 8 Prior to the commencement of any site clearance, demolition or construction works, a full method statement shall have been submitted to and approved in writing by the Local Planning Authority. The method statement shall include hours of demolition/construction; noise, vibration, and dust suppression measures; waste disposal; and lighting. All works shall be undertaken in compliance with the approved details.

Reason - To minimise potential nuisance to existing residents caused by construction and demolition works given the close proximity of the site to neighbouring occupiers.

- 9 The approved boundary treatments as shown on Proposed Fence Layout received 07/06/18 shall be erected prior to the dwellings to which they relate being occupied and thereafter be retained in the approved form.

Reason - In the interests of visual and residential amenity.

- 10 All hard landscaping, planting, seeding or turfing shown on the approved Landscaping Scheme received 07/06/18 shall be carried out during the first planting and seeding season (October - March inclusive) following the commencement of the development or in such other phased arrangement as may be agreed in writing by the Local Planning Authority. Any trees or shrubs which, within a period of 5 years of being planted die, are removed or seriously damaged or seriously diseased shall be replaced in the next planting season with others of similar size and species, unless the Local Planning Authority agrees in writing to a variation of the previously approved details.

Reason - To ensure the adequate maintenance of the approved landscaping scheme for a period of five years in the interests of the character of the surrounding area.

- 11 Prior to occupation of the hereby approved dwellings a bin store shall be provided in close proximity to the vehicular access, in accordance with details to have been previously approved in writing by the Local Planning Authority. The bin store shall be retained as approved thereafter.

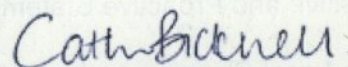

Reason - To ensure a satisfactory appearance to the development and in the interests of highway safety.

- 12 All new driveways and parking areas shall be made of porous materials, or provision shall be made to direct run-off water from the hard surface to a permeable or porous area or surface within the curtilage of the dwelling.

Reason - In the interests of sustainable development and to ensure that run-off water is avoided to minimise the risk of surface water flooding.

DATED: 12th June 2018

SIGNED:

Catherine Bicknell
Head of Planning

IMPORTANT INFORMATION :-

The local planning authority considers that the following policies and proposals in the development plan are relevant to the above decision:

NPPF National Planning Policy Framework

Tendring District Local Plan 2007

QL1 Spatial Strategy

QL9 Design of New Development

QL10 Designing New Development to Meet Functional Needs

QL11 Environmental Impacts and Compatibility of Uses

HG3 Residential Development Within Defined Settlements

HG9 Private Amenity Space

HG14 Side Isolation

COM3 Protection of Existing Local Services and Facilities

TR1A Development Affecting Highways

TR7 Vehicle Parking at New Development

Tendring District Local Plan 2013-2033 and Beyond Publication Draft (June 2017)

SP1 Presumption in Favour of Sustainable Development

SPL1 Managing Growth

SPL2 Settlement Development Boundaries

LP3 Housing Density and Standards

HP2 Community Facilities

Local Planning Guidance

Essex Design Guide

Essex County Council Car Parking Standards - Design and Good Practice

Positive and Proactive Statement

The Local Planning Authority has acted positively and proactively in determining this application by assessing the proposal against all material considerations, including planning policies and any representations that may have been received and subsequently determining to grant planning permission in accordance with the presumption in favour of sustainable development, as set out within the National Planning Policy Framework.

Informative relating to full method statement:

- Noise Control

- 1) The use of barriers to mitigate the impact of noisy operations will be used where possible. This may include the retention of part(s) of the original buildings during the demolition process to act in this capacity.
- 2) No vehicle connected with the works to arrive on site before 07:30 or leave after 19:00 (except in the case of emergency). Working hours to be restricted between 08:00 and 18:00 Monday to Friday. 0800-1300 on Saturdays with no working of any kind permitted on Sundays or any Public/Bank Holidays.
- 3) The selection and use of machinery to operate on site, and working practices to be adopted will, as a minimum requirement, be compliant with the standards laid out in British Standard 5228:1984.
- 4) Mobile plant to be resident on site during extended works shall be fitted with non-audible reversing alarms (subject to HSE agreement).
- 5) Prior to the commencement of any piling works which may be necessary, a full method statement shall be agreed in writing with the Planning Authority (in consultation with Pollution and Environmental Control). This will contain a rationale for the piling method chosen and details of the techniques to be employed which minimise noise and vibration to nearby residents.
- 6) If there is a requirement to work outside of the recommended hours the applicant or contractor must submit a request in writing for approval by Pollution and Environmental Control prior to the commencement of works.

- Emission Control

- 1) A scheme of measures for the control and suppression of dust emissions shall be submitted to and approved in writing by the L.P.A. Such agreed works shall be implemented in the approved form prior to the commencement of any development of the site and shall be maintained in the approved form until the development is completed and ready to be signed off as complete for the permitted purpose
- 1) All waste arising from the demolition process, ground clearance and construction processes to be recycled or removed from the site subject to agreement with the Local Planning Authority and other relevant agencies.
- 2) No materials produced as a result of the site development or clearance shall be burned on site. All reasonable steps, including damping down site roads, shall be taken to minimise dust and litter emissions from the site whilst works of construction and demolition are in progress.
- 3) All bulk carrying vehicles accessing the site shall be suitably sheeted to prevent nuisance from dust in transit.

Lighting control

1) Any lighting of the site under development shall be located, designed and directed [or screened] so that it does not cause avoidable intrusion to adjacent residential properties/constitute a traffic hazard/cause unnecessary light pollution outside the site boundary. "Avoidable intrusion" means contrary to the Code of Practice for the Reduction of Light Pollution issued by the Institute of Lighting Professionals.

Adherence to the above will significantly reduce the likelihood of public complaint and potential enforcement action by Pollution and Environmental Control. This gives the best practice for Demolition and Construction sites. Failure to follow them may result in enforcement action under nuisance legislation (Environmental Protection Act 1990), or the imposition of controls on working hours (Control of Pollution Act 1974)

Highways informatives

INF01 Highway Works - All work within or affecting the highway is to be laid out and constructed by prior arrangement with, and to the requirements and satisfaction of, the Highway Authority, details to be agreed before the commencement of works.

The applicants should be advised to contact the Development Management Team by email at development.management@essexhighways.org or by post to: Essex Highways, Colchester Highways Depot, 653 The Crescent, Colchester, CO4 9YQ.

INF02 Cost of Works - The Highway Authority cannot accept any liability for costs associated with a developer's improvement. This includes design check safety audits, site supervision, commuted sums for maintenance and any potential claims under Part 1 and Part 2 of the Land Compensation Act 1973. To protect the Highway Authority against such compensation claims a cash deposit or bond may be required.

INF03 - Site Workers - Steps should be taken to ensure that the Developer provides sufficient turning and off loading facilities for delivery vehicles, within the limits of the site together with an adequate parking area for those employed in developing the site.

Standard Informative 1: The Provisions of the Essex Act 1987, Section 13 (Access for the Fire Brigade) may apply to this Development and will be determined at Building Regulation Stage.

Standard Informative 2: You are reminded that the carrying out of building works requires approval under the Building Regulations in many cases as well as a grant of planning permission. If you are in doubt as to whether or not the work, the subject of this planning permission, requires such approval, then you are invited to contact the Building Control section at Tendring District Council.

Standard Informative 3: If the development includes the construction of a new building on or at the boundary of 2 properties, work to an existing party wall or party structure or involve excavation near to and below the foundation level of neighbouring buildings, you are advised that the provisions of the Party Wall Act 1996 may apply to this development. An explanatory booklet concerning the implications of this Act is available online or from the District Council.

The attached notes explain the rights of appeal.

NOTES FOR GUIDANCE

WHEN PLANNING PERMISSION IS REFUSED OR GRANTED SUBJECT TO CONDITIONS

APPEALS TO THE SECRETARY OF STATE

- If you are aggrieved by the decision of your local planning authority to refuse permission for the proposed development or to grant it subject to conditions, then you can appeal to the Secretary of State under Section 78 of the Town and Country Planning Act 1990.
- If you want to appeal, then you must do so within the set time frame as outlined below:
 - a. If this is a decision to refuse planning permission for a householder application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Householder Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - b. If this is a decision to refuse planning permission for a minor commercial application, if you want to appeal against your local planning authority's decision then you must do so within **12 weeks** of the date of this notice. A **Planning Appeal Form** is required, available online at <https://www.gov.uk/planning-inspectorate>
 - c. If you want to appeal against your local planning authority's decision on a development which is not caught by a. and b. above then you must do so within **6 months** of the date of this notice. A **Planning Appeal Form** is required, available online <https://www.gov.uk/planning-inspectorate>
- Appeals must be made using the relevant form (as detailed above) which you can get from the Secretary of State at Temple Quay House, 2 The Square, Temple Quay, Bristol, BS1 6PN (Tel: 0303 444 5000) or online at <https://www.gov.uk/planning-inspectorate>. **Please note, only the applicant possesses the right of appeal.**
- The Secretary of State can allow a longer period for giving notice of an appeal, but will not normally be prepared to use this power unless there are special circumstances which excuse the delay in giving notice of appeal.
- The Secretary of State need not consider an appeal if it seems to the Secretary of State that the local planning authority could not have granted permission for the proposed development or could not have granted it without the conditions imposed having regard to the statutory requirements, to the provisions of any development order and to any directions given under a development order.
- In practice, the Secretary of State does not refuse to consider appeals solely because the local planning authority based its decision on a direction given by the Secretary of State.

ENFORCEMENT

- If this is a decision on a planning application relating to the same or substantially the same land and development as is already the subject of an enforcement notice, if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of this notice.
- If an enforcement notice is served relating to the same or substantially the same land and development as in your application and if you want to appeal against your local planning authority's decision on your application, then you must do so within 28 days of the date of service of the enforcement notice, or within 6 months (12 weeks in the case of a householder or minor commercial appeal) of the date of this notice, whichever period expires earlier.
